katiepmorgan This time around...

Nausea...

Next month... who knows!

I never know when, and my symptoms are always so different I couldn't even guess.

Im so excited for Project 23!  
I don't like it when a certain "friend" shows up unexpectedly all the time!

P.S. this room is my project for today, it's taking me a lot longer than I want 🙄

#comingsoon #project23
