themeganberg Happy Thursday. Yes I'm thankful for my adorable kids. 😊 And most know that I love to share health benefits of collagen that's helped me feel my best after having kids. 🍷 But one thing I've been looking for is something to help with hormones since having kids especially around that time of the month 😬 #keepinitreal

Well Last night there was over 2600 women in line before me to buy the biggest women's hormone health product that's about to hit the online space. (Prelaunch)

Sold out in 45 min. 🤯
