yougotthis\_terrilee I've been blessed with some AMAZING launches in the past 5 years but this one 👉 tops it all 🍷

When I first heard back in September, I had serious chills because I know the HUGE impact this will have for woman everywhere 🌍

I like many woman have chosen no thank you 🛑

Silent. Quiet. No more.

A product innovator (who is a woman) who has already had not 1 🙌 but 2 🙌 billion dollar product launches has innovated the first to the market solution to help woman sync their cycle and help reduce their symptoms in whatever stage of their life they are in with a natural solution 🙌
