alexmortonmindset  Went from 10am-6pm today in the main event & then went to 5 different breakout sessions with the last one ending at 1am. This is what it looks like ladies and gentlemen. Putting in the work. The long hours. The early mornings and late nights. If you want to go to the top, get used to it. Never forget what got you there in the first place, I know I never forget. Continue to put in the work. Be loud. Be aggressive. Show people what it takes to become a success. Let the people know that if you can do it, so can they. Too many people have become "big shots" and then they go back to living with their parents. Stick to your roots, fundamentals, basics, stay humble, keep growing, learning,

stay humble, keep growing, learning,
& evolving.

People ask me why I keep going.
People say, "You're nuts bro. In my
last company the top guys never
came to outside meetings. Then
spike & went back to their 5 star
hotels. What keeps you doing this?"
My answer is GRATITUDE. I want to
help as many people as I can help
obtain freedom and help take this
company to \$100,000,000 a month
and it's already done.

I'll see everyone bright and early for
day 3.

GOD BLESS
