BUSINESS UPDATE: 🏠

It's been a month. And I just want give you guys a little update about my business and how I'm doing in it.

First, as of last night I was promoted to REGIONAL CONSULTANT, which means I get a 55% raise and I'm one step closer to become a National Consultant in the business. 🏆

Just a little FYI, I joined [#AmbitEnergy](#) part time to make somewhere between \$200-\$300 A MONTH to support my spending habits but I literally made more than that in a week and now I want more 🤩 As I got a better understanding of how everything works, I came to realize that you could make way more than that if you put your mind to it and set goals for yourself. (As i did) I have made over \$1200+ for the weeks I've been with Ambit and that's only going to grow and grow within the next month or so and I will definitely keep y'all updated on that.

As you can see I'm working towards Senior Consultant now and the numbers have revalued and set back to zero. It happens every time you promote.

With that being said, please ask how you can work from your cell phone and or laptop on your OWN TIME, BEING YOUR OWN BOSS with [#AmbitOpportunity](#) .

- Part/full time 📅
- Very schedule 🕒
- Weekly bonuses + passive/residual income. (Your income depends on your individual effort) 🏆
- No experience necessary

Also, If you are paying too much for your electricity PLEASE PLEASE PLEASE contact me and let me have you save a few bucks. Contact me through messenger or give me a text if you have my number.

For the people who have been interested or are interested, join me along with some of the top consultants in the business on our weekly zoom meetings for a business presentation. I would love to share with ANYONE and everyone about what I do.

P.S - Thank you everyone who has became a customer, I really appreciate it. And for the people who have joined me, thank you guys as well. I couldn't have done it without y'all. This is only the beginning of something great. ALL OF US WILL EAT AND ALL OF US WILL EAT. 🍔🍔
