training, followed by a leaders dinner, for 10 years. From Africa to South America, to Europe, to Asia, and all over North America. Every corner of the globe. If they built it, I would show up. Rest later, not in the middle. Just because you have a few hundred or a few million put away doesn't mean you should "stop" working and hustling. "Balance" is a myth. I suggest going ALL IN on every area of your life. That's the only way to build a successful and fulfilling life for YOU and your family. Period.

I'm all in on being a husband, brother, son, friend, leader, businessman, & one day father. Just go ALL IN and block out
