Did you know that just making as little as \$27.40 extra per day for a full year adds up to an additional income of \$10,000? 😍 And did you know that for the next 7 days, it only costs \$49 to start your own ARBONNE Health and Beauty business? Better yet, if you are already a Preferred Client, it only costs \$20 to upgrade to a Consultant. Wow! That's basically a night out at the movies or one meal dining at a restaurant. I recently read an article that said that each household needs a minimum of \$5200 additional annual income just to afford the same lifestyle as last year. 😞 That's why Forbes and other business publications support a secondary income...business.

If this sounds like you, we would love for you to check out Arbonne. Take a peek at earnings.arbonne.com and then reach out to me to chat and see how this could be a fit for you and your family. 😊🌱🌻
