- Flipchart: Discover Immunotec
- Immunocal by the Numbers
- New Consultant Orientation Workbook
- Compensation Plan

Meet a few of our Consultants

At Immunotec, we like to contribute, and help you find your worth. I was 19 and broke when I started. I had an entrepreneurial mindset, a desire to work, I was coachable, and I was presented with an ideal opportunity. My mother was not doing too well when I first found out about Immunotec. I started taking Immunocal too, and so did my entire family. I was then invited to a meeting where I understood how big this opportunity was. It was then and there that I decided to join. I reached the Diamond rank after four years, I was 22. I work when I want, where I want, and the way I want. This was the best decision I ever made.

Gian Carlo Torres - Diamond Consultant

Stockbridge, Georgia

Meet a few of our Consultants

I am a full-time mom, and that's how I discovered network marketing. I had been a home school mom for the past 13 years. I was always looking for a business that I could do from home and that could help me generate an extra income. I wanted to help my family, I was a young mom raising 3 children, and I had some health challenges, that is why I came across Immunotec. A friend told me about Immunocal, a wonderful product that had science behind it and a great business opportunity. I fell in love with Immunotec, and so did my family. The people that joined Immunotec had big hearts, and they were helping others live better. It was like nothing I had ever seen. I was slowly regaining my energy and my health, and I was still able to grow my business through social media. I've made amazing friends, my family is healthy, and I have an extra income. My life changed thanks to the Immunotec Family.

Meet a few of our Consultants

My journey with Immunotec started back in 1997. I was 37 years old at the time. I didn't know what I was signing up for, all I knew is that I had an open mind and entrepreneurial vision. Nothing comes close to Immunocal. Immunotec is a professional company with a professional product. Immunotec has a proven track record of more than 20 years. It has brought pure joy and happiness to my life. It made a huge impact on my family. Looking back at the past 20 years, I am amazed. I think of all the places I've been to, the things I've done, and all the fun that I've had. I've had the opportunity to meet some amazing people, and I built a fantastic team that I work with daily. The best part is, I can do this in the comfort of my own home. I'm in control of my life. I think the only criteria for success is to live life the way you want to live it. I am eternally grateful for these products and for this company. They changed my life.

Meet a few of our Consultants

We saw something different when we first came across Immunotec. We met people who genuinely cared about us, and we found a product unlike any other because it had research and science behind it. I was 29, and my wife was 27. We worked hard for years, and in the last 6 we've been able to enjoy ownership of our life, and our time. I still have dreams, and I'm ready to continue accomplishing them. It's been an amazing journey these past ten years, and we can't wait to see what the next ten years will bring us. Our CEO, Mauricio Domenzain has a great vision, and he is going to be here for life.

Angelo Licari - Senior Platinum Consultant
