Who is needing a little side income/work from wherever you are kind of job? 🙋

Who just wants to have their products paid for every month? 🙋

I have been so [#blessed](#) to do what I do now and it not only provides a monthly income + rewards trips and a beautiful vehicle, but has allowed me the [#timefreedom](#) to serve others and step into [#newadventures](#) ! 💕

What started out as me getting my health back through plant-based supplements has now become an [#opportunity](#) to help & encourage others in their journey, too!

What I do:

- 1) Post daily on social media.
- 2) Connect with friends/family thru messaging/text/calls.
- 3) Help friends find the supplements that will best help them with their health needs/goals.
- 4) Support others in my business through encouragement and coaching.
- 5) Work around my schedule.

*Plexus provides all the free training you could ever want and they foster a very positive networking environment where we all cheer each other on in our goals & achievements!
