Check Match (8% Company CV Cap)

When you are qualified as a Leader (Hero+), you can receive a match on the Unilevel Bonus, Fast Start Bonus, and Turbo Infinity Bonus earnings of the generations below you. The amount of the match is based on the paid-as title of the individual on which you are receiving the match, but not to exceed your own paid-as title. The higher paid-as title you reach, the more generations deep you can receive a Check Match on. The per match cap is based on your own paid-as title.

HERO	HERO ELITE	HERO ROYAL	ICON	ICON ELITE	ICON ROYAL
0.5% Infinitely deep	0.5% Infinitely deep	0.5% Infinitely deep	0.5% Infinitely deep	0.5% Infinitely deep	0.5% Infinitely deep

When you are qualified as a Hero and above, you can receive a Turbo Infinity Bonus on the sales beginning with your 6th level and extending Infinitely Deep.

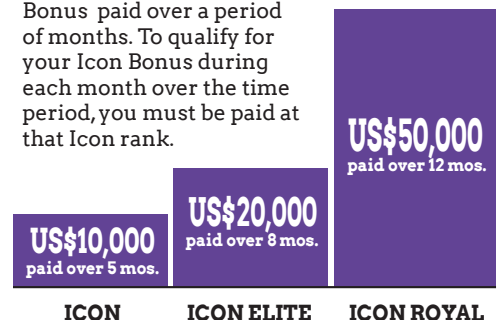

There is no blocking so you can have leaders with your same or higher title and still earn on the sales in their downline. If the total payout for the bonus exceeds 3% of total company CV, then all of these payouts will be reduced by an equal percentage to remain within budget (but you still earn on all of that volume).

Icon Bonus

The Icon Bonus recognizes extraordinary achievement in leadership and development.

When you become an Icon, Icon Elite, and Icon Royal for the first time, you will receive the corresponding Icon Bonus paid over a period of months. To qualify for your Icon Bonus during each month over the time period, you must be paid at that Icon rank.

DEFINITIONS

Builder Leg (BL)

A Leg with at least one Active IBO (200 PV) and at least 1,000 DV in the entire leg.

Commissionable Volume (CV)

The assigned value of each purchased product on which commissions are paid. It is currency specific in the country where the order is placed.

Downline Volume (DV)

The total Personal Volume (PV) from you and all IBOs in your entire downline. This goes infinitely deep, regardless of titles. This will NEVER break away.

Max Volume Rule

Applied to DV qualification only. Usually 50% of required DV will be counted from any one leg or from the IBO’s PV. Applies only to qualification of rank — the IBO will be paid on all volume including the volume that exceeds the Max Volume Rule.

Newly Qualified First Generation (NewGenQ)

A qualification requirement for Icon rank and above which requires that at least once every 12 months, the Icon or above must help to promote someone in his or her personal group in his or her home country to Ace Royal, who then qualifies at that rank (or above) for at least 3 consecutive months. This rolling twelve month period will restart each time the Icon or above meets the above requirements. Attempting to circumvent this requirement by any means (including but not limited to creating false Customer, Preferred Customer, or IBO accounts, purchasing Sunrider® products on behalf of another account, and the like) will be considered a violation of the Code of Ethics and the Business Guide.

Personal Volume (PV)

The total Qualifying Volume (QV) from your personal purchases and your customers’ purchases (Retail and Preferred Customer). This does NOT include the purchases of downline IBOs.

Qualifying Volume (QV)

The value of a commissionable product that is applied toward IBO qualifications in the compensation plan. QV is not currency specific so qualifications apply internationally.
