TIP 01.

Don't work from bed!

Use some sort of table/chair combination. Having separate work and play areas is a huge key to combating cabin fever!

Getting yourself on a consistent schedule with time batching will make your work flow easier. Combine tasks of similarity that you can accomplish quickly. Note: Make sure you also add in breaks for lunch & to stand up!!

Time Batching!!

TIP 03.

Continue your routine!

Yup, get dressed, wash your face, write your daily tasks out. Feeling normal starts with a normal routine in and out of "the office" – Don't try to add a bunch of new things to your plate. Take it one day at a time and find what works best for you!
