Northern Rockies

vectormarketing  Today - and everyday - we want to **show love and appreciation to all the incredible, hard-working, irreplaceable mothers out there.**

For all you do and all you are... we thank you. Moms make the world go round! 🙏

Becoming a mom has always been my dream. **It is the best feeling to be able to share your love with someone else.** I have learned to be more patient, enjoy the little things, and never take a moment for granted.

Working at Vector has given me **opportunities I would not get to**

Northern Rockies 

Working at Vector has given me **opportunities I would not get to have working anywhere else.** I am able to be a stay at home mom and work around Will. I am not tied to a desk for 9+ hours a day.

Will and I are able to spend time together each day, whenever we want, and not just in the evening. I am able to homeschool him, go to the zoo, parks, take vacations, etc **without feeling guilty.**

I've become a better mom working with Vector because it has forced me to **create and maintain a schedule.** I plan out my days so I am able to focus 100% of my energy on Vector during Will's nap times and then 100% of my energy on Will

I've become a better mom working with Vector because it has forced me to **create and maintain a schedule**. I plan out my days so I am able to focus 100% of my energy on Vector during Will's nap times and then 100% of my energy on Will when he's awake.

I don't have to sacrifice or give less to one aspect of my life because of the flexible schedules. I can spend as much time as Will needs with me, but also feel like I am providing financially. I am able to still grow in my professional life, as well my personal life." - Hailey Baldwin, Social Media Platform Manager | \$18K in Cutco sales (Northern Rockies)
