EXECUTIVE

Following Up Matters

When you're trying to keep up with four busy kids and never-ending bills, sometimes you need extra energy and help. This was exactly what nurse turned stay-at-home mom, Hillary Brown, was looking for when she first found out about Xyngular.

"My former nursing instructor and friend from church introduced me," Hillary recalls. "I wanted to go all in but had to wait to save money. I honestly kept forgetting and needed the follow-ups and reminders."

So her friend did just that. With gentle encouragement and reminders, Hillary eventually bought her first Xyngular system and became a Distributor.

How much has Xyngular changed Hillary's life for the better since then? "I cannot compliantly tell you how much!" she says with a big smile on her face. Hillary saw what a difference the products and business side of Xyngular made in other people's lives, and she began to experience those life-changing benefits herself.

Leaders Are Born at Events

Once Hillary became a Distributor, it wasn't long until she realized she needed to take advantage of every opportunity that came her way. "I decided one month in that events are where it's at," she shares. "Leaders are born at events and my first is where my fire was lit."

my fire was lit.

After that event, Hillary knew what she needed to do to grow a successful Xyngular business. "Be consistent," she says. "You can work part-time or full-time in this business, but not sometimes. Work daily and it WILL pay off more than you can imagine."

Hillary also realized the power that comes from offering Xyngular product subscriptions. "I learned the hard way by missing a promo that subscriptions reward you tenfold. Residual income is the sweet spot of network marketing*."

As she has grown to the Executive rank, Hillary has proven that consistency and hard work do pay off.

Reminders and Reflections

Have there been ups and downs for Hillary? Of course. But you'll quickly notice one thing about Hillary: she always looks at where she was versus where she's at now.

Hillary talks about her journey, "I remind myself of the time and blood and sweat it took to make it with my nursing career. It was stressful and time-consuming. The return with Xyngular has been just as fulfilling, with more flexibility and more return, so the rewards and payoff are greater."

Reflecting on her growth doesn't just stop there.

"I remind myself that I'm further than I could ever possibly be with nursing by putting the same effort into my Xyngular business. The only way you lose in this business is by quitting."

The only way you lose in this business is by quitting.

Let's say that again for everyone in the back. "The only way you lose in this business is by quitting."

Hillary has proven that no matter what struggles you have faced and what difficulties lie ahead, you can make a difference in the lives of others and your own.

Hard Work Pays Off in Many Ways

When Hillary first started with Xyngular, she hoped to improve her health and make some money to help out with her family's finances. Little did she know that Xyngular would give her much more*.

One of the most incredible opportunities Hillary has received is more time with her loved ones, especially her kids. "I love that I can take my kids to school and pick them up every day," she says gratefully. "I'm able to go to baseball games and school parties. I can go on family vacations whenever I want without having to ask for time off."

Since her divorce, Xyngular has also helped her continue to provide for her children without sacrificing their time together. And the Xyngular family that Hillary gained has given her the ability to navigate through her divorce and come out stronger*.

Hillary has also been able to serve in ways she's always wanted to. "I donate weekly to my church. I'm happy to say I can contribute a substantial amount to the church and their other nonprofit affiliates weekly*."

She never thought that more family time, spontaneous getaways, and meaningful service would be possible for her, but she now has these opportunities and more. Nothing means more to Hillary than the life she's been given thanks to taking the chance on the Xyngular opportunity.

The Foundation for a Legacy

Consistency, positivity, integrity, and trust. These are the four words that Hillary has built her Xyngular business, as well as her life, on. Every day she strives to be a trusted example to everyone around her, especially her children.

"My goal is to give everyone a chance at the opportunity for health and extra income that I've been given, and to make this a legacy that my children can continue," she says proudly. "I have four kids that look up to me. They are the ultimate reflection of who I am as a person. Other than the lives I can change with our program and opportunity, they are my biggest contribution to goodness in our world*."

My goal is to give everyone a chance at the opportunity for health and extra income that I've been given, and to make this a legacy that my children can continue.
