This guy supported me every step of the way. He always kept the vision of the sacrifices I was making. He didn't complain about business trips to events, nighttime zoom calls or me ever working my business. He believed in the possibilities of this business and he believed in ME. He's so proud!

When Pruvit found us, we were battling childhood cancer & an organ transplant with our 1 year old son, going through our darkest time. Now, our dreams are coming true simply by me sharing my journey of losing 135 lbs, gaining ALL the energy & helping others change their lives too.

Thanks for the Audi, Pruvit. I'm in love. ❤️
