When you're communicating to 1 person in your home or 10,000 people in a stadium they rarely will remember what you said, but they'll always remember how they felt when you said it.

Coming up in sales, leadership, building teams, the guys I would study would MOVE the rooms they were in. It could be foot cream.. and everyone was buying.

I took what I learned and used those strategies to help sell and close rooms all over the world. It doesn't matter if it's energy drinks, vitamins, facial creams, or financial education.. when you know how to speak it's bang bang boogie boogie 24/7.

Learn the skills of persuasion, communication, & sales.

Also, help me out here.. in 2024 if you're NOT in a commission, production based pay structure / compensation plan where can you go and have the potential to earn \$83,333 monthly which is \$1M per year? Seriously, I'd like to know.
