FIVE YEARS BBY!!! Five amazing years with the BEST company, BEST products & BEST people on the dang planet 🤪 in honor of my arbonne Anni today here's 5 things I know for sure...

1 your health is the best investment. periodt. Ingredients matter. Nutrition matters. Ain't nothing like the type of products @arbonne offers. The science & research behind them are INSANE. Cleanest of the clean. Best of the best. Don't even try to argue with me on that one 🤪

2 great things never come from comfort zones. little ole ash was TERRIFIED to tell anyone she joined a NWM company. I even made bobz make my first post for me 🤪 if it doesn't challenge you, it doesn't change you. And mannnn have I been challenged the last several years... and for that I'm forever grateful bc ya girl now has unshakeable belief & confidence in herself 🤪

3 consistency triumphs talent. always. Bc it's not what you do once in a while that matters. it's what you do every day. Ya girl knew nothing about sales, building a business, social media, etc. but I still showed up every dang day & was willing to be really bad before I could be really good. Just bc you have a big influence, a cute aesthetic feed or "get in early" doesn't mean you'll have what it takes to show up on the days when you don't feel like it.

4 it's not weird to make \$ from sharing what you genuinely love & use on a daily basis

4 it's not weird to make \$ from sharing what you genuinely love & use on a daily basis. Proudful Ashley used to think I was too good for this - that it was only for people who didn't have anything better to do. Lol lorddd blessss me. Turns out this is way too good for me. Idk about u but making an income from my phone while rocking my babes to sleep has my name written all over it 🤩

5 being a part of a this community is EVERYTHING 🤩 it's one of those things you don't realize you were missing until you have it and now you can't figure out how you survived without it all those years. Arbonne people are genuine, selfless & Jesus lovin humans. I've said it once and I'll say it again - it's different here 🤩

5 years down and I am literally JUST getting started, y'all just wait 🤩 See less
