16 *Counsel for Plaintiff and*  
17 *the Proposed Class*

18 *\*Pro Hac Vice forthcoming*

19 **UNITED STATES DISTRICT COURT**

20 **DISTRICT OF ARIZONA**

21 Janine Scoville, on behalf of herself and all  
22 others similarly situated,

23 Plaintiff,

24 v.

25 SelectBlinds, LLC,

26 Defendant.

27 Case No.: \_\_\_\_\_

28 **CLASS ACTION COMPLAINT**

**DEMAND FOR A JURY TRIAL**

29 Plaintiff Janine Scoville ("Plaintiff") brings this Class Action Complaint  
30 ("Complaint") against SelectBlinds, LLC ("Defendant") as an individual and on behalf of all

1 others similarly situated, and alleges, upon personal knowledge as to her own actions and her  
2 counsels' investigation, and upon information and belief as to all other matters, as follows:

3  
4 **SUMMARY OF ACTION**

5 1. Plaintiff brings this class action against Defendant for its failure to properly  
6 secure and safeguard sensitive information of its customers.

7 2. Defendant is a retail company that sells blinds, shades, curtains, and other  
8 products to its customers.

9 3. Plaintiff's and Class Members' sensitive personal information—which they  
10 entrusted to Defendant on the mutual understanding that Defendant would protect it against  
11 disclosure—was targeted, compromised and unlawfully accessed due to the Data Breach.

12 4. Defendant collected and maintained certain personally identifiable information  
13 and protected health information of Plaintiff and the putative Class Members (defined below),  
14 who are (or were) customers at Defendant.

15 5. The PII compromised in the Data Breach included Plaintiff's and Class  
16 Members' full names, email addresses, shipping and billing addresses, phone numbers,  
17 payment card information (“personally identifiable information” or “PII”).

18 6. The PII compromised in the Data Breach was exfiltrated by cyber-criminals and  
19 remains in the hands of those cyber-criminals who target PII for its value to identity thieves.

20 7. As a result of the Data Breach, Plaintiff and approximately 206,000 Class  
21 Members,<sup>1</sup> suffered concrete injuries in fact including, but not limited to: (i) invasion of  
22

23  
24  
25  
26  
27 <sup>1</sup> <https://www.maine.gov/agviewer/content/ag/985235c7-cb95-4be2-8792-a1252b4f8318/7406b438-e3e1-4fdf-a240-ecea876d8ae4.html>

1 privacy; (ii) theft of their PII; (iii) lost or diminished value of PII; (iv) lost time and  
2 opportunity costs associated with attempting to mitigate the actual consequences of the Data  
3 Breach; (v) loss of benefit of the bargain; (vi) lost opportunity costs associated with  
4 attempting to mitigate the actual consequences of the Data Breach; (vii) nominal damages;  
5 and (viii) the continued and certainly increased risk to their PII, which: (a) remains  
6 unencrypted and available for unauthorized third parties to access and abuse; and (b) remains  
7 backed up in Defendant's possession and is subject to further unauthorized disclosures so  
8 long as Defendant fails to undertake appropriate and adequate measures to protect the PII.  
9  
10

11 8. The Data Breach was a direct result of Defendant's failure to implement  
12 adequate and reasonable cyber-security procedures and protocols necessary to protect  
13 consumers' PII from a foreseeable and preventable cyber-attack.  
14

15 9. Moreover, upon information and belief, Defendant was targeted for a cyber-  
16 attack due to its status as a retail company that collects and maintains highly valuable PII on  
17 its systems.

18 10. Defendant maintained, used, and shared the PII in a reckless manner. In  
19 particular, the PII was used and transmitted by Defendant in a condition vulnerable to  
20 cyberattacks. Upon information and belief, the mechanism of the cyberattack and potential  
21 for improper disclosure of Plaintiff's and Class Members' PII was a known risk to Defendant,  
22 and thus, Defendant was on notice that failing to take steps necessary to secure the PII from  
23 those risks left that property in a dangerous condition.  
24  
25

26 11. Defendant disregarded the rights of Plaintiff and Class Members by, *inter alia*,  
27 intentionally, willfully, recklessly, or negligently failing to take adequate and reasonable  
28

1 measures to ensure its data systems were protected against unauthorized intrusions; failing to  
2 take standard and reasonably available steps to prevent the Data Breach; and failing to provide  
3 Plaintiff and Class Members prompt and accurate notice of the Data Breach.  
4

5 12. Plaintiff's and Class Members' identities are now at risk because of Defendant's  
6 negligent conduct because the PII that Defendant collected and maintained has been accessed  
7 and acquired by data thieves.  
8

9 13. Armed with the PII accessed in the Data Breach, data thieves have already  
10 engaged in identity theft and fraud and can in the future commit a variety of crimes including,  
11 *e.g.*, opening new financial accounts in Class Members' names, taking out loans in Class  
12 Members' names, using Class Members' information to obtain government benefits, filing  
13 fraudulent tax returns using Class Members' information, obtaining driver's licenses in Class  
14 Members' names but with another person's photograph, and giving false information to police  
15 during an arrest.  
16

17 14. As a result of the Data Breach, Plaintiff and Class Members have been exposed  
18 to a heightened and imminent risk of fraud and identity theft. Plaintiff and Class Members  
19 must now and in the future closely monitor their financial accounts to guard against identity  
20 theft.  
21

22 15. Plaintiff and Class Members may also incur out of pocket costs, *e.g.*, for  
23 purchasing credit monitoring services, credit freezes, credit reports, or other protective  
24 measures to deter and detect identity theft.  
25

26 16. Plaintiff brings this class action lawsuit on behalf all those similarly situated to  
27 address Defendant's inadequate safeguarding of Class Members' PII that it collected and  
28

1 maintained, and for failing to provide timely and adequate notice to Plaintiff and other Class  
2 Members that their information had been subject to the unauthorized access by an unknown  
3 third party and precisely what specific type of information was accessed.  
4

5 17. Through this Complaint, Plaintiff seeks to remedy these harms on behalf of  
6 herself and all similarly situated individuals whose PII was accessed during the Data Breach.

7 18. Plaintiff and Class Members have a continuing interest in ensuring that their  
8 information is and remains safe, and they should be entitled to injunctive and other equitable  
9 relief.  
10

### 11 JURISDICTION AND VENUE

12 19. This Court has subject matter jurisdiction over this action under the Class  
13 Action Fairness Act, 28 U.S.C. § 1332(d)(2). There are at least 100 putative Class Members,  
14 the aggregated claims of the individual Class Members exceed the sum or value of \$5,000,000  
15 exclusive of interest and costs, and members of the proposed Class, including Plaintiff, are  
16 citizens of states different from Defendant.  
17

18 20. This Court has jurisdiction over Defendant through its business operations in  
19 this District, the specific nature of which occurs in this District. Defendant's principal place  
20 of business is in this District. Defendant intentionally avails itself of the markets within this  
21 District to render the exercise of jurisdiction by this Court just and proper.  
22

23 21. Venue is proper in this Court pursuant to 28 U.S.C. § 1391(a)(1) because  
24 Defendant's principal place of business is located in this District and a substantial part of the  
25 events and omissions giving rise to this action occurred in this District.  
26  
27  
28

1 **PARTIES**

2 22. Plaintiff Janine Scoville is a resident and citizen of Wendell, North Carolina.

3  
4 23. Defendant SelectBlinds, LLC is a limited liability company with its principal  
5 place of business located in Maricopa County, Arizona.

6 **FACTUAL ALLEGATIONS**

7 ***Defendant's Business***

8 24. Defendant is a retail company that sells blinds, shades, curtains, and other  
9 products to its customers.  
10

11 25. Plaintiff and Class Members are current and former customers at Defendant.

12 26. In the course of their relationship, customers, including Plaintiff and Class  
13 Members, provided Defendant with at least the following: names, contact information,  
14 addresses, payment card information and other sensitive information.  
15

16 27. Upon information and belief, in the course of collecting PII from customers,  
17 including Plaintiff, Defendant promised to provide confidentiality and adequate security for  
18 the data it collected from customers through its applicable privacy policy and through other  
19 disclosures in compliance with statutory privacy requirements.  
20

21 28. Indeed, Defendant provides on its website that: "we use reasonable efforts to  
22 protect your personal information from unauthorized access, use, or disclosure[.]"<sup>2</sup>  
23

24 29. Plaintiff and the Class Members, as customers at Defendant, relied on these  
25 promises and on this sophisticated business entity to keep their sensitive PII confidential and  
26

---

27 <sup>2</sup> <https://www.selectblinds.com/privacy.html>  
28

1 securely maintained, to use this information for business purposes only, and to make only  
2 authorized disclosures of this information. Consumers, in general, demand security to  
3 safeguard their PII.  
4

5 ***The Data Breach***

6 30. On or about October 31, 2024, Defendant began sending Plaintiff and other  
7 Data Breach victims a Notice of Data Breach letter (the "Notice Letter"), informing them that:

8 **What Happened?**

9 Beginning on or about January 7, 2024, an unauthorized third party embedded malware  
10 on the SelectBlinds website that allowed data scraping on sales transactions that were  
11 entered on the check-out page. We became aware of the incident on September 28,  
12 2024, and, following our incident response process, immediately launched an  
13 investigation with the assistance of external cybersecurity experts to minimize incident  
14 impact, determine the scope of the incident, and assess what data may have been  
15 involved. We completed our investigation on October 10, 2024.

16 **What Information Was Involved?**

17 Through our investigation, we learned that certain data may have been accessed and  
18 obtained without authorization by a third party. This data includes your name, email,  
19 shipping and billing addresses, and phone number, along with your payment card  
20 information, including card number, expiration date, and security (CVV) code. Your  
21 www.selectblinds.com username and password may also have been affected if you  
22 logged in to the check-out page only on the SelectBlinds website while making a  
23 purchase.<sup>3</sup>

24 31. Omitted from the Notice Letter were the identity of the cybercriminals who  
25 perpetrated this Data Breach, the details of the root cause of the Data Breach, the  
26 vulnerabilities exploited, and the remedial measures undertaken to ensure such a breach does  
27 not occur again. To date, these omitted details have not been explained or clarified to Plaintiff  
28 and Class Members, who retain a vested interest in ensuring that their PII remains protected.

---

<sup>3</sup> The "Notice Letter". A sample copy is available at <https://oag.ca.gov/ecrime/databreach/reports/sb24-594202>

1           32. This “disclosure” amounts to no real disclosure at all, as it fails to inform, with  
2 any degree of specificity, Plaintiff and Class Members of the Data Breach’s critical facts.  
3 Without these details, Plaintiff’s and Class Members’ ability to mitigate the harms resulting  
4 from the Data Breach is severely diminished.  
5

6           33. Despite Defendant’s intentional opacity about the root cause of this incident,  
7 several facts may be gleaned from the Notice Letter, including: a) that this Data Breach was  
8 the work of cybercriminals; b) that the cybercriminals first infiltrated Defendant’s networks  
9 and systems, and downloaded data from the networks and systems (aka exfiltrated data, or in  
10 layperson’s terms “stole” data; and c) that once inside Defendant’s networks and systems, the  
11 cybercriminals targeted information including Plaintiff’s and Class Members’ PII for  
12 download and theft.  
13  
14

15           34. In the context of notice of data breach letters of this type, Defendant’s use of  
16 the phrase “may have been accessed and obtained” is misleading lawyer language. Companies  
17 only send notice letters because data breach notification laws require them to do so. And such  
18 letters are only sent to those persons who Defendant itself has a reasonable belief that such  
19 personal information was accessed or acquired by an unauthorized individual or entity.  
20 Defendant cannot hide behind legalese – by sending a notice of data breach letter to Plaintiff  
21 and Class Members, it admits that Defendant itself has a reasonable belief that Plaintiff’s and  
22 Class Members’ PII was accessed or acquired by an unknown actor – aka cybercriminals.  
23  
24

25           35. Moreover, in its Notice Letter, Defendant failed to specify whether it undertook  
26 any efforts to contact the approximate 206,000 Class Members whose data was accessed and  
27 acquired in the Data Breach to inquire whether any of the Class Members suffered misuse of  
28

1 their data, whether Class Members should report their misuse to Defendant, and whether  
2 Defendant set up any mechanism for Class Members to report any misuse of their data.

3  
4 36. Defendant had obligations created by the FTC Act, contract, common law, and  
5 industry standards to keep Plaintiff's and Class Members' PII confidential and to protect it  
6 from unauthorized access and disclosure.

7  
8 37. Defendant did not use reasonable security procedures and practices appropriate  
9 to the nature of the sensitive information they were maintaining for Plaintiff and Class  
10 Members, causing the exposure of PII, such as encrypting the information or deleting it when  
11 it is no longer needed.

12  
13 38. The attacker accessed and acquired files containing unencrypted PII of Plaintiff  
14 and Class Members. Plaintiff's and Class Members' PII was accessed and stolen in the Data  
15 Breach.

16  
17 39. Plaintiff further believes that her PII and that of Class Members was  
18 subsequently sold on the dark web following the Data Breach, as that is the *modus operandi*  
19 of cybercriminals that commit cyber-attacks of this type.

20 ***Data Breaches Are Preventable***

21  
22 40. Defendant did not use reasonable security procedures and practices appropriate  
23 to the nature of the sensitive information they were maintaining for Plaintiff and Class  
24 Members, causing the exposure of PII, such as encrypting the information or deleting it when  
25 it is no longer needed.

26  
27 41. Defendant could have prevented this Data Breach by, among other things,  
28 properly encrypting or otherwise protecting their equipment and computer files containing

1 PII.

2 42. As explained by the Federal Bureau of Investigation, “[p]revention is the most  
3 effective defense against ransomware and it is critical to take precautions for protection.”<sup>4</sup>  
4

5 43. To prevent and detect cyber-attacks and/or ransomware attacks, Defendant  
6 could and should have implemented, as recommended by the United States Government, the  
7 following measures:

- 8 • Implement an awareness and training program. Because end users are targets,  
9 employees and individuals should be aware of the threat of ransomware and how  
10 it is delivered.
- 11 • Enable strong spam filters to prevent phishing emails from reaching the end users  
12 and authenticate inbound email using technologies like Sender Policy Framework  
13 (SPF), Domain Message Authentication Reporting and Conformance (DMARC),  
14 and DomainKeys Identified Mail (DKIM) to prevent email spoofing.
- 15 • Scan all incoming and outgoing emails to detect threats and filter executable files  
16 from reaching end users.
- 17 • Configure firewalls to block access to known malicious IP addresses.
- 18 • Patch operating systems, software, and firmware on devices. Consider using a  
19 centralized patch management system.
- 20 • Set anti-virus and anti-malware programs to conduct regular scans automatically.
- 21 • Manage the use of privileged accounts based on the principle of least privilege: no  
22 users should be assigned administrative access unless absolutely needed; and those  
23 with a need for administrator accounts should only use them when necessary.
- 24 • Configure access controls—including file, directory, and network share  
25 permissions—with least privilege in mind. If a user only needs to read specific  
26 files, the user should not have write access to those files, directories, or shares.

---

26 <sup>4</sup> How to Protect Your Networks from RANSOMWARE, at 3, *available at*:  
27 [https://www.fbi.gov/file-repository/ransomware-prevention-and-response-for-](https://www.fbi.gov/file-repository/ransomware-prevention-and-response-for-cisos.pdf/view)  
28 [cisos.pdf/view](https://www.fbi.gov/file-repository/ransomware-prevention-and-response-for-cisos.pdf/view)

- 1 • Disable macro scripts from office files transmitted via email. Consider using Office  
2 Viewer software to open Microsoft Office files transmitted via email instead of full  
3 office suite applications.
- 4 • Implement Software Restriction Policies (SRP) or other controls to prevent  
5 programs from executing from common ransomware locations, such as temporary  
6 folders supporting popular Internet browsers or compression/decompression  
7 programs, including the AppData/LocalAppData folder.
- 8 • Consider disabling Remote Desktop protocol (RDP) if it is not being used.
- 9 • Use application whitelisting, which only allows systems to execute programs  
10 known and permitted by security policy.
- 11 • Execute operating system environments or specific programs in a virtualized  
12 environment.
- 13 • Categorize data based on organizational value and implement physical and logical  
14 separation of networks and data for different organizational units.<sup>5</sup>

15 44. To prevent and detect cyber-attacks or ransomware attacks, Defendant could  
16 and should have implemented, as recommended by the Microsoft Threat Protection  
17 Intelligence Team, the following measures:

18 **Secure internet-facing assets**

- 19 - Apply latest security updates
- 20 - Use threat and vulnerability management
- 21 - Perform regular audit; remove privileged credentials;

22 **Thoroughly investigate and remediate alerts**

- 23 - Prioritize and treat commodity malware infections as potential full  
24 compromise;

25 **Include IT Pros in security discussions**

- 26 - Ensure collaboration among [security operations], [security admins],  
27 and [information technology] admins to configure servers and other  
28 endpoints securely;

---

<sup>5</sup> *Id.* at 3-4.

1  
2 **Build credential hygiene**

- 3 - Use [multifactor authentication] or [network level authentication] and use  
4 strong, randomized, just-in-time local admin passwords;

5 **Apply principle of least-privilege**

- 6 - Monitor for adversarial activities  
7 - Hunt for brute force attempts  
8 - Monitor for cleanup of Event Logs  
9 - Analyze logon events;

10 **Harden infrastructure**

- 11 - Use Windows Defender Firewall  
12 - Enable tamper protection  
13 - Enable cloud-delivered protection  
14 - Turn on attack surface reduction rules and [Antimalware Scan Interface]  
15 for Office [Visual Basic for Applications].<sup>6</sup>

16 45. Given that Defendant was storing the PII of its current and former customers,  
17 Defendant could and should have implemented all of the above measures to prevent and detect  
18 cyberattacks.

19 46. The occurrence of the Data Breach indicates that Defendant failed to adequately  
20 implement one or more of the above measures to prevent cyberattacks, resulting in the Data  
21 Breach and data thieves acquiring and accessing the PII of more than two hundred thousand  
22 individuals, including that of Plaintiff and Class Members.

23 ***Defendant Acquires, Collects, And Stores Its Customers' PII***

24  
25  
26 <sup>6</sup> See Human-operated ransomware attacks: A preventable disaster (Mar 5, 2020), available at:  
27 [https://www.microsoft.com/security/blog/2020/03/05/human-operated-ransomware-attacks-a-  
28 preventable-disaster/](https://www.microsoft.com/security/blog/2020/03/05/human-operated-ransomware-attacks-a-preventable-disaster/)

1 47. Defendant acquires, collects, and stores a massive amount of PII on its current  
2 and former customers.

3 48. As a condition of obtaining products or services at Defendant, Defendant  
4 requires that customers and other personnel entrust it with highly sensitive personal  
5 information.  
6

7 49. By obtaining, collecting, and using Plaintiff's and Class Members' PII,  
8 Defendant assumed legal and equitable duties and knew or should have known that it was  
9 responsible for protecting Plaintiff's and Class Members' PII from disclosure.  
10

11 50. Plaintiff and the Class Members have taken reasonable steps to maintain the  
12 confidentiality of their PII and would not have entrusted it to Defendant absent a promise to  
13 safeguard that information.  
14

15 51. Upon information and belief, in the course of collecting PII from customers,  
16 including Plaintiff, Defendant promised to provide confidentiality and adequate security for  
17 their data through its applicable privacy policy and through other disclosures in compliance  
18 with statutory privacy requirements.  
19

20 52. Plaintiff and the Class Members relied on Defendant to keep their PII  
21 confidential and securely maintained, to use this information for business purposes only, and  
22 to make only authorized disclosures of this information.  
23

24 ***Defendant Knew, Or Should Have Known, of the Risk Because Retail Companies  
In Possession Of PII Are Particularly Susceptible To Cyber Attacks***

25 53. Defendant's data security obligations were particularly important given the  
26 substantial increase in cyber-attacks and/or data breaches targeting retail companies that  
27  
28

1 collect and store PII, like Defendant, preceding the date of the breach.

2 54. Data breaches, including those perpetrated against retail companies that store  
3 PII in their systems, have become widespread.  
4

5 55. In 2023, an all-time high for data compromises occurred, with 3,205  
6 compromises affecting 353,027,892 total victims. Of the 3,205 recorded data compromises,  
7 809 of them, or 25.2% were in the medical or healthcare industry. The estimated number of  
8 organizations impacted by data compromises has increased by +2,600 percentage points since  
9 2018, and the estimated number of victims has increased by +1400 percentage points. The  
10 2023 compromises represent a 78 percentage point increase over the previous year and a 72  
11 percentage point hike from the previous all-time high number of compromises (1,860) set in  
12 2021.  
13

14 56. In light of recent high profile data breaches at other industry leading companies,  
15 including T-Mobile, USA (37 million records, February-March 2023), 23andMe, Inc. (20  
16 million records, October 2023), Wilton Reassurance Company (1.4 million records, June  
17 2023), NCB Management Services, Inc. (1 million records, February 2023), Defendant knew  
18 or should have known that the PII that they collected and maintained would be targeted by  
19 cybercriminals.  
20

21 57. Indeed, cyber-attacks, such as the one experienced by Defendant, have become  
22 so notorious that the Federal Bureau of Investigation (“FBI”) and U.S. Secret Service have  
23 issued a warning to potential targets so they are aware of, and prepared for, a potential attack.  
24 As one report explained, smaller entities that store PII are “attractive to ransomware  
25  
26  
27  
28

1 criminals...because they often have lesser IT defenses and a high incentive to regain access  
2 to their data quickly.”<sup>7</sup>

3  
4 58. Additionally, as companies became more dependent on computer systems to  
5 run their business,<sup>8</sup> *e.g.*, working remotely as a result of the Covid-19 pandemic, and the  
6 Internet of Things (“IoT”), the danger posed by cybercriminals is magnified, thereby  
7 highlighting the need for adequate administrative, physical, and technical safeguards.<sup>9</sup>

8  
9 59. Defendant knew and understood unprotected or exposed PII in the custody of  
10 insurance companies, like Defendant, is valuable and highly sought after by nefarious third  
11 parties seeking to illegally monetize that PII through unauthorized access.

12 60. At all relevant times, Defendant knew, or reasonably should have known, of the  
13 importance of safeguarding the PII of Plaintiff and Class Members and of the foreseeable  
14 consequences that would occur if Defendant’s data security system was breached, including,  
15 specifically, the significant costs that would be imposed on Plaintiff and Class Members as a  
16 result of a breach.  
17

18 61. Plaintiff and Class Members now face years of constant surveillance of their  
19 financial and personal records, monitoring, and loss of rights. The Class is incurring and will  
20 continue to incur such damages in addition to any fraudulent use of their PII.  
21

22  
23 <sup>7</sup> [https://www.law360.com/consumerprotection/articles/1220974/fbi-secret-service-warn-of-targeted-ransomware?nl\\_pk=3ed44a08-fcc2-4b6c-89f0-aa0155a8bb51&utm\\_source=newsletter&utm\\_medium=email&utm\\_campaign=consumerprotection](https://www.law360.com/consumerprotection/articles/1220974/fbi-secret-service-warn-of-targeted-ransomware?nl_pk=3ed44a08-fcc2-4b6c-89f0-aa0155a8bb51&utm_source=newsletter&utm_medium=email&utm_campaign=consumerprotection)

24  
25  
26 <sup>8</sup> <https://www.federalreserve.gov/econres/notes/feds-notes/implications-of-cyber-risk-for-financial-stability-20220512.html>

27 <sup>9</sup> <https://www.picussecurity.com/key-threats-and-cyber-risks-facing-financial-services-and-banking-firms-in-2022>  
28

1           62. The injuries to Plaintiff and Class Members were directly and proximately  
2 caused by Defendant’s failure to implement or maintain adequate data security measures for  
3 the PII of Plaintiff and Class Members.  
4

5           63. The ramifications of Defendant’s failure to keep secure the PII of Plaintiff and  
6 Class Members are long lasting and severe. Once PII is stolen, fraudulent use of that  
7 information and damage to victims may continue for years.  
8

9           64. As a retail company in custody of the PII of its customers, Defendant knew, or  
10 should have known, the importance of safeguarding PII entrusted to it by Plaintiff and Class  
11 Members, and of the foreseeable consequences if its data security systems were breached.  
12 This includes the significant costs imposed on Plaintiff and Class Members as a result of a  
13 breach. Defendant failed, however, to take adequate cybersecurity measures to prevent the  
14 Data Breach.  
15

### 16           *Value Of Personally Identifying Information*

17           65. The Federal Trade Commission (“FTC”) defines identity theft as “a fraud  
18 committed or attempted using the identifying information of another person without  
19 authority.”<sup>10</sup> The FTC describes “identifying information” as “any name or number that may  
20 be used, alone or in conjunction with any other information, to identify a specific person,”  
21 including, among other things, “[n]ame, Social Security number, date of birth, official State  
22 or government issued driver’s license or identification number, alien registration number,  
23 government passport number, employer or taxpayer identification number.”<sup>11</sup>  
24  
25

26 \_\_\_\_\_  
27 <sup>10</sup> 17 C.F.R. § 248.201 (2013).

28 <sup>11</sup> *Id.*

1 66. The PII of individuals remains of high value to criminals, as evidenced by the  
2 prices they will pay through the dark web. Numerous sources cite dark web pricing for stolen  
3 identity credentials.<sup>12</sup>  
4

5 67. For example, Personal Information can be sold at a price ranging from \$40 to  
6 \$200.<sup>13</sup> Criminals can also purchase access to entire company data breaches from \$900 to  
7 \$4,500.<sup>14</sup>  
8

9 68. Based on the foregoing, the information compromised in the Data Breach is  
10 significantly more valuable than the loss of, for example, credit card information in a retailer  
11 data breach because, there, victims can cancel or close credit and debit card accounts. The  
12 information compromised in this Data Breach is impossible to “close” and difficult, if not  
13 impossible, to change.  
14

15 69. This data demands a much higher price on the black market. Martin Walter,  
16 senior director at cybersecurity firm RedSeal, explained, “Compared to credit card  
17 information, personally identifiable information and Social Security numbers are worth more  
18 than 10x on the black market.”<sup>15</sup>  
19

---

20  
21 <sup>12</sup> *Your personal data is for sale on the dark web. Here’s how much it costs*, Digital Trends,  
22 Oct. 16, 2019, available at: <https://www.digitaltrends.com/computing/personal-data-sold-on-the-dark-web-how-much-it-costs/>

23 <sup>13</sup> *Here’s How Much Your Personal Information Is Selling for on the Dark Web*, Experian,  
24 Dec. 6, 2017, available at: <https://www.experian.com/blogs/ask-experian/heres-how-much-your-personal-information-is-selling-for-on-the-dark-web/>

25 <sup>14</sup> *In the Dark*, VPNOverview, 2019, available at:  
<https://vpnoverview.com/privacy/anonymous-browsing/in-the-dark/>

26 <sup>15</sup> Tim Greene, *Anthem Hack: Personal Data Stolen Sells for 10x Price of Stolen Credit Card*  
27 *Numbers*, IT World, (Feb. 6, 2015), available at:  
28 <https://www.networkworld.com/article/2880366/anthem-hack-personal-data-stolen-sells-for-10x-price-of-stolen-credit-card-numbers.html>

1 70. Among other forms of fraud, identity thieves may obtain driver’s licenses,  
2 government benefits, medical services, and housing or even give false information to police.

3  
4 71. The fraudulent activity resulting from the Data Breach may not come to light  
5 for years. There may be a time lag between when harm occurs versus when it is discovered,  
6 and also between when PII is stolen and when it is used. According to the U.S. Government  
7 Accountability Office (“GAO”), which conducted a study regarding data breaches:

8 [L]aw enforcement officials told us that in some cases, stolen data may be held  
9 for up to a year or more before being used to commit identity theft. Further,  
10 once stolen data have been sold or posted on the Web, fraudulent use of that  
11 information may continue for years. As a result, studies that attempt to measure  
12 the harm resulting from data breaches cannot necessarily rule out all future  
harm.<sup>16</sup>

13 72. Plaintiff and Class Members now face years of constant surveillance of their  
14 financial and personal records, monitoring, and loss of rights. The Class is incurring and will  
15 continue to incur such damages in addition to any fraudulent use of their PII.

16  
17 ***Defendant Fails To Comply With FTC Guidelines***

18 73. The Federal Trade Commission (“FTC”) has promulgated numerous guides for  
19 businesses which highlight the importance of implementing reasonable data security  
20 practices. According to the FTC, the need for data security should be factored into all business  
21 decision-making.  
22

23 74. In 2016, the FTC updated its publication, Protecting Personal Information: A  
24 Guide for Business, which established cyber-security guidelines for businesses. These  
25

26  
27 <sup>16</sup> *Report to Congressional Requesters*, GAO, at 29 (June 2007), available at:  
28 <https://www.gao.gov/assets/gao-07-737.pdf>

1 guidelines note that businesses should protect the personal consumer information that they  
2 keep; properly dispose of personal information that is no longer needed; encrypt information  
3 stored on computer networks; understand their network’s vulnerabilities; and implement  
4 policies to correct any security problems.<sup>17</sup>

6 75. The guidelines also recommend that businesses use an intrusion detection  
7 system to expose a breach as soon as it occurs; monitor all incoming traffic for activity  
8 indicating someone is attempting to hack the system; watch for large amounts of data being  
9 transmitted from the system; and have a response plan ready in the event of a breach.<sup>18</sup>

11 76. The FTC further recommends that companies not maintain PII longer than is  
12 needed for authorization of a transaction; limit access to sensitive data; require complex  
13 passwords to be used on networks; use industry-tested methods for security; monitor for  
14 suspicious activity on the network; and verify that third-party service providers have  
15 implemented reasonable security measures.

17 77. The FTC has brought enforcement actions against businesses for failing to  
18 adequately and reasonably protect consumer data, treating the failure to employ reasonable  
19 and appropriate measures to protect against unauthorized access to confidential consumer  
20 data as an unfair act or practice prohibited by Section 5 of the Federal Trade Commission Act  
21 (“FTCA”), 15 U.S.C. § 45. Orders resulting from these actions further clarify the measures  
22 businesses must take to meet their data security obligations.

25 \_\_\_\_\_  
26 <sup>17</sup> *Protecting Personal Information: A Guide for Business*, Federal Trade Commission (2016).  
27 Available at [https://www.ftc.gov/system/files/documents/plain-language/pdf-0136\\_proteting-personal-information.pdf](https://www.ftc.gov/system/files/documents/plain-language/pdf-0136_proteting-personal-information.pdf)

28 <sup>18</sup> *Id.*

1 78. These FTC enforcement actions include actions against retail companies, like  
2 Defendant.

3 79. Section 5 of the FTC Act, 15 U.S.C. § 45, prohibits “unfair . . . practices in or  
4 affecting commerce,” including, as interpreted and enforced by the FTC, the unfair act or  
5 practice by businesses, such as Defendant, of failing to use reasonable measures to protect  
6 PII. The FTC publications and orders described above also form part of the basis of  
7 Defendant's duty in this regard.  
8

9 80. Defendant failed to properly implement basic data security practices.

10 81. Defendant's failure to employ reasonable and appropriate measures to protect  
11 against unauthorized access to the PII of its customers or to comply with applicable industry  
12 standards constitutes an unfair act or practice prohibited by Section 5 of the FTC Act, 15  
13 U.S.C. § 45.  
14

15 82. Upon information and belief, Defendant was at all times fully aware of its  
16 obligation to protect the PII of its customers, Defendant was also aware of the significant  
17 repercussions that would result from its failure to do so. Accordingly, Defendant's conduct  
18 was particularly unreasonable given the nature and amount of PII it obtained and stored and  
19 the foreseeable consequences of the immense damages that would result to Plaintiff and the  
20 Class.  
21

22 ***Defendant Fails To Comply With Industry Standards***  
23

24 83. As noted above, experts studying cyber security routinely identify retail  
25 companies in possession of PII as being particularly vulnerable to cyberattacks because of the  
26 value of the PII which they collect and maintain.  
27

1 84. Several best practices have been identified that, at a minimum, should be  
2 implemented by retail companies in possession of PII, like Defendant, including but not  
3 limited to: educating all employees; strong passwords; multi-layer security, including  
4 firewalls, anti-virus, and anti-malware software; encryption, making data unreadable without  
5 a key; multi-factor authentication; backup data and limiting which employees can access  
6 sensitive data. Defendant failed to follow these industry best practices, including a failure to  
7 implement multi-factor authentication.  
8

9  
10 85. Other best cybersecurity practices that are standard for retail companies include  
11 installing appropriate malware detection software; monitoring and limiting the network ports;  
12 protecting web browsers and email management systems; setting up network systems such as  
13 firewalls, switches and routers; monitoring and protection of physical security systems;  
14 protection against any possible communication system; training staff regarding critical points.  
15 Defendant failed to follow these cybersecurity best practices, including failure to train staff.  
16

17 86. Defendant failed to meet the minimum standards of any of the following  
18 frameworks: the NIST Cybersecurity Framework Version 2.0 (including without limitation  
19 PR.AA-01, PR.AA.-02, PR.AA-03, PR.AA-04, PR.AA-05, PR.AT-01, PR.DS-01, PR-DS-  
20 02, PR.DS-10, PR.PS-01, PR.PS-02, PR.PS-05, PR.IR-01, DE.CM-01, DE.CM-03, DE.CM-  
21 06, DE.CM-09, and RS.CO-04), and the Center for Internet Security's Critical Security  
22 Controls (CIS CSC), which are all established standards in reasonable cybersecurity  
23 readiness.  
24

25  
26 87. These foregoing frameworks are existing and applicable industry standards for  
27 retail companies, and upon information and belief, Defendant failed to comply with at least  
28

1 one—or all—of these accepted standards, thereby opening the door to the threat actor and  
2 causing the Data Breach.

3  
4 ***Common Injuries & Damages***

5 88. As a result of Defendant's ineffective and inadequate data security practices, the  
6 Data Breach, and the foreseeable consequences of PII ending up in the possession of  
7 criminals, the risk of identity theft to the Plaintiff and Class Members has materialized and is  
8 imminent, and Plaintiff and Class Members have all sustained actual injuries and damages,  
9 including: (i) invasion of privacy; (ii) theft of their PII; (iii) lost or diminished value of PII;  
10 (iv) lost time and opportunity costs associated with attempting to mitigate the actual  
11 consequences of the Data Breach; (v) loss of benefit of the bargain; (vi) lost opportunity costs  
12 associated with attempting to mitigate the actual consequences of the Data Breach; (vii)  
13 nominal damages; and (viii) the continued and certainly increased risk to their PII, which: (a)  
14 remains unencrypted and available for unauthorized third parties to access and abuse; and (b)  
15 remains backed up in Defendant's possession and is subject to further unauthorized  
16 disclosures so long as Defendant fails to undertake appropriate and adequate measures to  
17 protect the PII.  
18  
19  
20

21 ***Data Breaches Increase Victims' Risk Of Identity Theft***

22 89. The unencrypted PII of Class Members will end up for sale on the dark web as  
23 that is the *modus operandi* of hackers.  
24

25 90. Unencrypted PII may also fall into the hands of companies that will use the  
26 detailed PII for targeted marketing without the approval of Plaintiff and Class Members.  
27 Simply put, unauthorized individuals can easily access the PII of Plaintiff and Class Members.  
28

1 91. The link between a data breach and the risk of identity theft is simple and well  
2 established. Criminals acquire and steal PII to monetize the information. Criminals monetize  
3 the data by selling the stolen information on the black market to other criminals who then  
4 utilize the information to commit a variety of identity theft related crimes discussed below.  
5

6 92. Plaintiff's and Class Members' PII is of great value to hackers and cyber  
7 criminals, and the data stolen in the Data Breach has been used and will continue to be used  
8 in a variety of sordid ways for criminals to exploit Plaintiff and Class Members and to profit  
9 off their misfortune.  
10

11 93. One such example of criminals piecing together bits and pieces of compromised  
12 PII for profit is the development of "Fullz" packages.<sup>19</sup>  
13

14 94. With "Fullz" packages, cyber-criminals can cross-reference two sources of PII  
15 to marry unregulated data available elsewhere to criminally stolen data with an astonishingly  
16 complete scope and degree of accuracy in order to assemble complete dossiers on individuals.  
17

---

18 <sup>19</sup> "Fullz" is fraudster speak for data that includes the information of the victim, including,  
19 but not limited to, the name, address, credit card information, social security number, date of  
20 birth, and more. As a rule of thumb, the more information you have on a victim, the more  
21 money that can be made off of those credentials. Fullz are usually pricier than standard credit  
22 card credentials, commanding up to \$100 per record (or more) on the dark web. Fullz can be  
23 cashed out (turning credentials into money) in various ways, including performing bank  
24 transactions over the phone with the required authentication details in-hand. Even "dead  
25 Fullz," which are Fullz credentials associated with credit cards that are no longer valid, can  
26 still be used for numerous purposes, including tax refund scams, ordering credit cards on  
27 behalf of the victim, or opening a "mule account" (an account that will accept a fraudulent  
28 money transfer from a compromised account) without the victim's knowledge. *See, e.g.,*  
29 Brian Krebs, *Medical Records for Sale in Underground Stolen From Texas Life Insurance*  
30 *Firm*, Krebs on Security (Sep. 18, 2014), [https://krebsonsecurity.com/2014/09/medical-records-for-sale-in-underground-stolen-from-texas-life-insurance-finn/](https://krebsonsecurity.com/2014/09/medical-records-for-sale-in-underground-stolen-from-texas-life-insurance-firm/)

1 95. The development of “Fullz” packages means here that the stolen PII from the  
2 Data Breach can easily be used to link and identify it to Plaintiff’s and Class Members’ phone  
3 numbers, email addresses, and other unregulated sources and identifiers. In other words, even  
4 if certain information such as emails, phone numbers, or credit card numbers may not be  
5 included in the PII that was exfiltrated in the Data Breach, criminals may still easily create a  
6 Fullz package and sell it at a higher price to unscrupulous operators and criminals (such as  
7 illegal and scam telemarketers) over and over.  
8

9  
10 96. The existence and prevalence of “Fullz” packages means that the PII stolen  
11 from the data breach can easily be linked to the unregulated data (like contact information) of  
12 Plaintiff and the other Class Members.

13  
14 97. Thus, even if certain information (such as contact information) was not stolen  
15 in the data breach, criminals can still easily create a comprehensive “Fullz” package.

16 98. Then, this comprehensive dossier can be sold—and then resold in perpetuity—  
17 to crooked operators and other criminals (like illegal and scam telemarketers).  
18

19 ***Loss Of Time To Mitigate Risk Of Identity Theft & Fraud***

20 99. As a result of the recognized risk of identity theft, when a Data Breach occurs,  
21 and an individual is notified by a company that their PII was compromised, as in this Data  
22 Breach, the reasonable person is expected to take steps and spend time to address the  
23 dangerous situation, learn about the breach, and otherwise mitigate the risk of becoming a  
24 victim of identity theft of fraud. Failure to spend time taking steps to review accounts or credit  
25 reports could expose the individual to greater financial harm – yet, the resource and asset of  
26 time has been lost.  
27  
28

1 100. Thus, due to the actual and imminent risk of identity theft, Defendant, in its  
2 Notice Letter instructs Plaintiff and Class Members to take the following measures to protect  
3 themselves: “remain vigilant for incidents of fraud and identity theft by reviewing payment  
4 card account statements and monitoring your credit reports for suspicious or unusual activity  
5 and immediately report any suspicious activity or incidents of identity theft.”<sup>20</sup>

7 101. In addition, Defendant’s Notice letter includes multiple pages devoted to  
8 “Additional Important Information” that recommend Plaintiff and Class Members to partake  
9 in activities such as monitoring their accounts, placing security freezes and fraud alerts on  
10 their accounts, and contacting consumer reporting bureaus.<sup>21</sup>

12 102. Defendant’s extensive suggestion of steps that Plaintiff and Class Members  
13 must take in order to protect themselves from identity theft and/or fraud demonstrates the  
14 significant time that Plaintiff and Class Members must undertake in response to the Data  
15 Breach. Plaintiff’s and Class Members’ time is highly valuable and irreplaceable, and  
16 accordingly, Plaintiff and Class Members suffered actual injury and damages in the form of  
17 lost time that they spent on mitigation activities in response to the Data Breach and at the  
18 direction of Defendant’s Notice Letter.  
19  
20

21 103. Plaintiff and Class Members have spent, and will spend additional time in the  
22 future, on a variety of prudent actions, such as researching and verifying the legitimacy of the  
23 Data Breach as well as contacting banks to ensure their accounts are secure. Accordingly, the  
24

---

26 <sup>20</sup> Notice Letter.

27 <sup>21</sup> *Id.*

1 Data Breach has caused Plaintiff and Class Members to suffer actual injury in the form of lost  
2 time—which cannot be recaptured—spent on mitigation activities.

3  
4 104. Plaintiff’s mitigation efforts are consistent with the U.S. Government  
5 Accountability Office that released a report in 2007 regarding data breaches (“GAO Report”)  
6 in which it noted that victims of identity theft will face “substantial costs and time to repair  
7 the damage to their good name and credit record.”<sup>22</sup>

8  
9 105. Plaintiff’s mitigation efforts are also consistent with the steps that FTC  
10 recommends that data breach victims take several steps to protect their personal and financial  
11 information after a data breach, including: contacting one of the credit bureaus to place a  
12 fraud alert (consider an extended fraud alert that lasts for seven years if someone steals their  
13 identity), reviewing their credit reports, contacting companies to remove fraudulent charges  
14 from their accounts, placing a credit freeze on their credit, and correcting their credit reports.<sup>23</sup>

15  
16 106. And for those Class Members who experience actual identity theft and fraud,  
17 the United States Government Accountability Office released a report in 2007 regarding data  
18 breaches (“GAO Report”) in which it noted that victims of identity theft will face “substantial  
19 costs and time to repair the damage to their good name and credit record.”<sup>[4]</sup>

20  
21 ***Diminution of Value of PII***

22  
23  
24  
25  
26 <sup>22</sup> See United States Government Accountability Office, GAO-07-737, Personal Information: Data  
27 Breaches Are Frequent, but Evidence of Resulting Identity Theft Is Limited; However, the Full Extent  
28 Is Unknown (June 2007), <https://www.gao.gov/new.items/d07737.pdf>.

<sup>23</sup> See Federal Trade Commission, *Identity Theft.gov*, <https://www.identitytheft.gov/Steps>

1 107. PII is a valuable property right.<sup>24</sup> Its value is axiomatic, considering the value  
2 of Big Data in corporate America and the consequences of cyber thefts include heavy prison  
3 sentences. Even this obvious risk to reward analysis illustrates beyond doubt that PII has  
4 considerable market value.  
5

6 108. Sensitive PII can sell for as much as \$363 per record according to the Infosec  
7 Institute.<sup>25</sup>  
8

9 109. An active and robust legitimate marketplace for PII also exists. In 2019, the  
10 data brokering industry was worth roughly \$200 billion.<sup>26</sup>

11 110. In fact, the data marketplace is so sophisticated that consumers can actually sell  
12 their non-public information directly to a data broker who in turn aggregates the information  
13 and provides it to marketers or app developers.<sup>27,28</sup>  
14

15 111. Consumers who agree to provide their web browsing history to the Nielsen  
16 Corporation can receive up to \$50.00 a year.<sup>29</sup>  
17  
18

---

19 <sup>24</sup> See “Data Breaches Are Frequent, but Evidence of Resulting Identity Theft Is Limited;  
20 However, the Full Extent Is Unknown,” p. 2, U.S. Government Accountability Office, June  
21 2007, <https://www.gao.gov/new.items/d07737.pdf> (“GAO Report”).

22 <sup>25</sup> See, e.g., John T. Soma, et al, Corporate Privacy Trend: The “Value” of Personally  
23 Identifiable Information (“PII”) Equals the “Value” of Financial Assets, 15 Rich. J.L. & Tech.  
24 11, at \*3-4 (2009) (“PII, which companies obtain at little cost, has quantifiable value that is  
25 rapidly reaching a level comparable to the value of traditional financial assets.”) (citations  
26 omitted).

27 <sup>26</sup> See Ashiq Ja, *Hackers Selling Healthcare Data in the Black Market*, InfoSec (July 27,  
28 2015), [https://resources.infosecinstitute.com/topic/hackers-selling-healthcare-data-in-the-  
black-market/](https://resources.infosecinstitute.com/topic/hackers-selling-healthcare-data-in-the-black-market/)

29 <sup>27</sup> <https://www.latimes.com/business/story/2019-11-05/column-data-brokers>

<sup>28</sup> <https://datacoup.com/>

<sup>29</sup> <https://digi.me/what-is-digime/>

1 112. As a result of the Data Breach, Plaintiff's and Class Members' PII, which has  
2 an inherent market value in both legitimate and dark markets, has been damaged and  
3 diminished by its compromise and unauthorized release. However, this transfer of value  
4 occurred without any consideration paid to Plaintiff or Class Members for their property,  
5 resulting in an economic loss. Moreover, the PII is now readily available, and the rarity of the  
6 Data has been lost, thereby causing additional loss of value.  
7

8 113. At all relevant times, Defendant knew, or reasonably should have known, of the  
9 importance of safeguarding the PII of Plaintiff and Class Members, and of the foreseeable  
10 consequences that would occur if Defendant's data security system was breached, including,  
11 specifically, the significant costs that would be imposed on Plaintiff and Class Members as a  
12 result of a breach.  
13

14 114. The fraudulent activity resulting from the Data Breach may not come to light  
15 for years.  
16

17 115. Plaintiff and Class Members now face years of constant surveillance of their  
18 financial and personal records, monitoring, and loss of rights. The Class is incurring and will  
19 continue to incur such damages in addition to any fraudulent use of their PII.  
20

21 116. Defendant was, or should have been, fully aware of the unique type and the  
22 significant volume of data on Defendant's network, amounting to more than two hundred  
23 thousand individuals' detailed personal information and, thus, the significant number of  
24 individuals who would be harmed by the exposure of the unencrypted data.  
25

26 117. The injuries to Plaintiff and Class Members were directly and proximately  
27 caused by Defendant's failure to implement or maintain adequate data security measures for  
28

1 the PII of Plaintiff and Class Members.

2 ***Future Cost of Credit and Identity Theft Monitoring is Reasonable and***  
3 ***Necessary***

4 118. Given the type of targeted attack in this case, sophisticated criminal activity,  
5 and the type of PII involved, there is a strong probability that entire batches of stolen  
6 information have been placed, or will be placed, on the black market/dark web for sale and  
7 purchase by criminals intending to utilize the PII for identity theft crimes –e.g., opening bank  
8 accounts in the victims’ names to make purchases or to launder money; file false tax returns;  
9 take out loans or lines of credit; or file false unemployment claims.  
10

11 119. Such fraud may go undetected until debt collection calls commence months, or  
12 even years, later. An individual may not know that his or her PII was used to file for  
13 unemployment benefits until law enforcement notifies the individual’s employer of the  
14 suspected fraud. Fraudulent tax returns are typically discovered only when an individual’s  
15 authentic tax return is rejected.  
16

17 120. Consequently, Plaintiff and Class Members are at an increased risk of fraud and  
18 identity theft for many years into the future.  
19

20 121. The retail cost of credit monitoring and identity theft monitoring can cost  
21 around \$200 a year per Class Member. This is reasonable and necessary cost to monitor to  
22 protect Class Members from the risk of identity theft that arose from Defendant's Data Breach.  
23

24 ***Loss Of Benefit Of The Bargain***

25 122. Furthermore, Defendant’s poor data security practices deprived Plaintiff and  
26 Class Members of the benefit of their bargain. When agreeing to pay Defendant and/or its  
27  
28

1 agents for retail services, Plaintiff and other reasonable consumers understood and expected  
2 that they were, in part, paying for the product and/or service and necessary data security to  
3 protect the PII, when in fact, Defendant did not provide the expected data security.  
4 Accordingly, Plaintiff and Class Members received services that were of a lesser value than  
5 what they reasonably expected to receive under the bargains they struck with Defendant.  
6

7 ***Plaintiff Janine Scoville's Experience***

8 123. Plaintiff Janine Scoville is a customer of Defendant's.

9  
10 124. As a condition of obtaining products or services at Defendant, she was required  
11 to provide her PII to Defendant, including her name, contact information, payment card  
12 information, address, and other sensitive information.

13  
14 125. At the time of the Data Breach—from approximately January 2024 through  
15 September 2024—Defendant maintained Plaintiff's PII in its system.

16 126. Plaintiff Scoville is very careful about sharing her sensitive PII. Plaintiff stores  
17 any documents containing her PII in a safe and secure location. She has never knowingly  
18 transmitted unencrypted sensitive PII over the internet or any other unsecured source. Plaintiff  
19 would not have entrusted her PII to Defendant had she known of Defendant's lax data security  
20 policies.  
21

22 127. Plaintiff Janine Scoville received the Notice Letter, by U.S. mail, directly from  
23 Defendant, dated October 31, 2024. According to the Notice Letter, Plaintiff's PII was  
24 improperly accessed and obtained by unauthorized third parties, including her name; email  
25 address; shipping and billing address; phone number; and payment card information,  
26 including card number, expiration date, and security (CVV) code.  
27  
28

1 128. As a result of the Data Breach, and at the direction of Defendant’s Notice Letter,  
2 which instructs Plaintiff to “remain vigilant for incidents of fraud and identity theft by  
3 reviewing payment card account statements and monitoring your credit reports for suspicious  
4 or unusual activity and immediately report any suspicious activity or incidents of identity  
5 theft[,]”<sup>30</sup> Plaintiff made reasonable efforts to mitigate the impact of the Data Breach,  
6 including researching and verifying the legitimacy of the Data Breach as well as contacting  
7 banks to ensure her accounts are secure. Plaintiff has spent significant time dealing with the  
8 Data Breach—valuable time Plaintiff otherwise would have spent on other activities, including  
9 but not limited to work and/or recreation. This time has been lost forever and cannot be  
10 recaptured.  
11  
12

13 129. Plaintiff suffered actual injury from having her PII compromised as a result of  
14 the Data Breach including, but not limited to: (i) invasion of privacy; (ii) theft of her PII; (iii)  
15 lost or diminished value of PII; (iv) lost time and opportunity costs associated with attempting  
16 to mitigate the actual consequences of the Data Breach; (v) loss of benefit of the bargain; (vi)  
17 lost opportunity costs associated with attempting to mitigate the actual consequences of the  
18 Data Breach; (vii) nominal damages; and (viii) the continued and certainly increased risk to  
19 her PII, which: (a) remains unencrypted and available for unauthorized third parties to access  
20 and abuse; and (b) remains backed up in Defendant’s possession and is subject to further  
21 unauthorized disclosures so long as Defendant fails to undertake appropriate and adequate  
22 measures to protect the PII.  
23  
24  
25

---

26  
27 <sup>30</sup> Notice Letter.  
28

1 130. The Data Breach has caused Plaintiff to suffer fear, anxiety, and stress, which  
2 has been compounded by the fact that Defendant has still not fully informed her of key details  
3 about the Data Breach’s occurrence.  
4

5 131. As a result of the Data Breach, Plaintiff anticipates spending considerable time  
6 and money on an ongoing basis to try to mitigate and address harms caused by the Data  
7 Breach.

8 132. As a result of the Data Breach, Plaintiff is at a present risk and will continue to  
9 be at increased risk of identity theft and fraud for years to come.  
10

11 133. Plaintiff Janine Scoville has a continuing interest in ensuring that her PII,  
12 which, upon information and belief, remains backed up in Defendant’s possession, is  
13 protected and safeguarded from future breaches.  
14

15 **CLASS ALLEGATIONS**

16 134. Plaintiff brings this nationwide class action on behalf of herself and on behalf  
17 of all others similarly situated, pursuant to Fed. R. Civ. P. 23(a), 23(b)(1), 23(b)(2), 23(b)(3),  
18 23(c)(4) and/or 23(c)(5).  
19

20 135. The Class that Plaintiff seeks to represent is defined as follows:

21 **Nationwide Class**

22 All individuals residing in the United States whose PII was accessed and/or  
23 acquired by an unauthorized party as a result of the data breach reported by  
24 Defendant in October 2024 (the “Class”).

25 136. Excluded from the Class are the following individuals and/or entities:  
26 Defendant and Defendant's parents, subsidiaries, affiliates, officers and directors, and any  
27 entity in which Defendant have a controlling interest; all individuals who make a timely  
28

1 election to be excluded from this proceeding using the correct protocol for opting out; and all  
2 judges assigned to hear any aspect of this litigation, as well as their immediate family  
3 members.  
4

5 137. Plaintiff reserves the right to amend the definitions of the Class or add a Class  
6 or Subclass if further information and discovery indicate that the definitions of the Class  
7 should be narrowed, expanded, or otherwise modified.

8 138. Numerosity: The members of the Class are so numerous that joinder of all  
9 members is impracticable, if not completely impossible. According to the breach report  
10 submitted to the Office of the Maine Attorney General, at least 206,000 Class Members were  
11 impacted in the Data Breach.<sup>31</sup> The Class is apparently identifiable within Defendant's  
12 records, and Defendant has already identified these individuals (as evidenced by sending them  
13 breach notification letters).  
14  
15

16 139. Common questions of law and fact exist as to all members of the Class and  
17 predominate over any questions affecting solely individual members of the Class. Among the  
18 questions of law and fact common to the Class that predominate over questions which may  
19 affect individual Class members, including the following:  
20

- 21 a. Whether and to what extent Defendant had a duty to protect the PII of Plaintiff  
22 and Class Members;
- 23 b. Whether Defendant had respective duties not to disclose the PII of Plaintiff and  
24 Class Members to unauthorized third parties;  
25

26  
27 <sup>31</sup> See <https://www.maine.gov/agviewer/content/ag/985235c7-cb95-4be2-8792-a1252b4f8318/7406b438-e3e1-4fdf-a240-ecea876d8ae4.html>  
28

- c. Whether Defendant had respective duties not to use the PII of Plaintiff and Class Members for non-business purposes;
- d. Whether Defendant failed to adequately safeguard the PII of Plaintiff and Class Members;
- e. Whether and when Defendant actually learned of the Data Breach;
- f. Whether Defendant adequately, promptly, and accurately informed Plaintiff and Class Members that their PII had been compromised;
- g. Whether Defendant violated the law by failing to promptly notify Plaintiff and Class Members that their PII had been compromised;
- h. Whether Defendant failed to implement and maintain reasonable security procedures and practices appropriate to the nature and scope of the information compromised in the Data Breach;
- i. Whether Defendant adequately addressed and fixed the vulnerabilities which permitted the Data Breach to occur;
- j. Whether Plaintiff and Class Members are entitled to actual damages and/or nominal damages as a result of Defendant's wrongful conduct;
- k. Whether Plaintiff and Class Members are entitled to injunctive relief to redress the imminent and currently ongoing harm faced as a result of the Data Breach.

140. Typicality: Plaintiff's claims are typical of those of the other members of the Class because Plaintiff, like every other Class Member, was exposed to virtually identical conduct and now suffers from the same violations of the law as each other member of the Class.

1           141. Policies Generally Applicable to the Class: This class action is also appropriate  
2 for certification because Defendant acted or refused to act on grounds generally applicable to  
3 the Class, thereby requiring the Court’s imposition of uniform relief to ensure compatible  
4 standards of conduct toward the Class Members and making final injunctive relief appropriate  
5 with respect to the Class as a whole. Defendant's policies challenged herein apply to and affect  
6 Class Members uniformly and Plaintiff’s challenges of these policies hinges on Defendant's  
7 conduct with respect to the Class as a whole, not on facts or law applicable only to Plaintiff.  
8

9           142. Adequacy: Plaintiff will fairly and adequately represent and protect the interests  
10 of the Class Members in that she has no disabling conflicts of interest that would be  
11 antagonistic to those of the other Class Members. Plaintiff seeks no relief that is antagonistic  
12 or adverse to the Class Members and the infringement of the rights and the damages she has  
13 suffered are typical of other Class Members. Plaintiff has retained counsel experienced in  
14 complex class action and data breach litigation, and Plaintiff intend to prosecute this action  
15 vigorously.  
16

17           143. Superiority and Manageability: The class litigation is an appropriate method for  
18 fair and efficient adjudication of the claims involved. Class action treatment is superior to all  
19 other available methods for the fair and efficient adjudication of the controversy alleged  
20 herein; it will permit a large number of Class Members to prosecute their common claims in  
21 a single forum simultaneously, efficiently, and without the unnecessary duplication of  
22 evidence, effort, and expense that hundreds of individual actions would require. Class action  
23 treatment will permit the adjudication of relatively modest claims by certain Class Members,  
24 who could not individually afford to litigate a complex claim against large corporations, like  
25  
26  
27  
28

1 Defendant. Further, even for those Class Members who could afford to litigate such a claim,  
2 it would still be economically impractical and impose a burden on the courts.

3  
4 144. The nature of this action and the nature of laws available to Plaintiff and Class  
5 Members make the use of the class action device a particularly efficient and appropriate  
6 procedure to afford relief to Plaintiff and Class Members for the wrongs alleged because  
7 Defendant would necessarily gain an unconscionable advantage since they would be able to  
8 exploit and overwhelm the limited resources of each individual Class Member with superior  
9 financial and legal resources; the costs of individual suits could unreasonably consume the  
10 amounts that would be recovered; proof of a common course of conduct to which Plaintiff  
11 was exposed is representative of that experienced by the Class and will establish the right of  
12 each Class Member to recover on the cause of action alleged; and individual actions would  
13 create a risk of inconsistent results and would be unnecessary and duplicative of this litigation.  
14  
15

16 145. The litigation of the claims brought herein is manageable. Defendant's uniform  
17 conduct, the consistent provisions of the relevant laws, and the ascertainable identities of  
18 Class Members demonstrates that there would be no significant manageability problems with  
19 prosecuting this lawsuit as a class action.  
20

21 146. Adequate notice can be given to Class Members directly using information  
22 maintained in Defendant's records.

23  
24 147. Unless a Class-wide injunction is issued, Defendant may continue in its failure  
25 to properly secure the PII of Class Members, Defendant may continue to refuse to provide  
26 proper notification to Class Members regarding the Data Breach, and Defendant may continue  
27 to act unlawfully as set forth in this Complaint.  
28

1 148. Further, Defendant has acted on grounds that apply generally to the Class as a  
2 whole, so that class certification, injunctive relief, and corresponding declaratory relief are  
3 appropriate on a class- wide basis.  
4

5 149. Likewise, particular issues are appropriate for certification because such claims  
6 present only particular, common issues, the resolution of which would advance the disposition  
7 of this matter and the parties' interests therein. Such particular issues include, but are not  
8 limited to:  
9

- 10 a. Whether Defendant failed to timely notify the Plaintiff and the class of the Data  
11 Breach;
- 12 b. Whether Defendant owed a legal duty to Plaintiff and the Class to exercise due  
13 care in collecting, storing, and safeguarding their PII;
- 14 c. Whether Defendant's security measures to protect their data systems were  
15 reasonable in light of best practices recommended by data security experts;
- 16 d. Whether Defendant's failure to institute adequate protective security measures  
17 amounted to negligence;
- 18 e. Whether Defendant failed to take commercially reasonable steps to safeguard  
19 consumer PII; and Whether adherence to FTC data security recommendations,  
20 and measures recommended by data security experts would have reasonably  
21 prevented the Data Breach.  
22  
23  
24

25 **CAUSES OF ACTION**

26 **COUNT I**  
27 **Negligence**

28 **(On Behalf of Plaintiff and the Class)**

1  
2 150. Plaintiff re-alleges and incorporates by reference all of the allegations contained  
3 in paragraphs 1 through 149, as if fully set forth herein.

4 151. Defendant requires its customers, including Plaintiff and Class Members, to  
5 submit non-public PII in the ordinary course of providing its retail products and services.  
6

7 152. Defendant gathered and stored the PII of Plaintiff and Class Members as part  
8 of its business of soliciting its services to its customers, which solicitations and services affect  
9 commerce.

10 153. Plaintiff and Class Members entrusted Defendant with their PII with the  
11 understanding that Defendant would safeguard their information.  
12

13 154. Defendant had full knowledge of the sensitivity of the PII and the types of harm  
14 that Plaintiff and Class Members could and would suffer if the PII were wrongfully disclosed.

15 155. By voluntarily undertaking and assuming the responsibility to collect and store  
16 this data, and in fact doing so, and sharing it and using it for commercial gain, Defendant had  
17 a duty of care to use reasonable means to secure and safeguard their computer property—and  
18 Class Members' PII held within it—to prevent disclosure of the information, and to safeguard  
19 the information from theft. Defendant's duty included a responsibility to implement processes  
20 by which they could detect a breach of its security systems in a reasonably expeditious period  
21 of time and to give prompt notice to those affected in the case of a data breach.  
22  
23

24 156. Defendant had a duty to employ reasonable security measures under Section 5  
25 of the Federal Trade Commission Act, 15 U.S.C. § 45, which prohibits “unfair . . . practices  
26  
27  
28

1 in or affecting commerce,” including, as interpreted and enforced by the FTC, the unfair  
2 practice of failing to use reasonable measures to protect confidential data.

3  
4 157. Defendant owed a duty of care to Plaintiff and Class Members to provide data  
5 security consistent with industry standards and other requirements discussed herein, and to  
6 ensure that its systems and networks adequately protected the PII.

7  
8 158. Defendant's duty of care to use reasonable security measures arose as a result  
9 of the special relationship that existed between Defendant and Plaintiff and Class Members.  
10 That special relationship arose because Plaintiff and the Class entrusted Defendant with their  
11 confidential PII, a necessary part of being customers at Defendant.

12  
13 159. Defendant's duty to use reasonable care in protecting confidential data arose  
14 not only as a result of the statutes and regulations described above, but also because Defendant  
15 is bound by industry standards to protect confidential PII.

16  
17 160. Defendant was subject to an “independent duty,” untethered to any contract  
18 between Defendant and Plaintiff or the Class.

19  
20 161. Defendant also had a duty to exercise appropriate clearinghouse practices to  
21 remove former customers' PII it was no longer required to retain pursuant to regulations.

22  
23 162. Moreover, Defendant had a duty to promptly and adequately notify Plaintiff  
24 and the Class of the Data Breach.

25  
26 163. Defendant had and continues to have a duty to adequately disclose that the PII  
27 of Plaintiff and the Class within Defendant's possession might have been compromised, how  
28 it was compromised, and precisely the types of data that were compromised and when. Such

1 notice was necessary to allow Plaintiff and the Class to take steps to prevent, mitigate, and  
2 repair any identity theft and the fraudulent use of their PII by third parties.

3  
4 164. Defendant breached its duties, pursuant to the FTC Act and other applicable  
5 standards, and thus was negligent, by failing to use reasonable measures to protect Class  
6 Members' PII. The specific negligent acts and omissions committed by Defendant include,  
7 but are not limited to, the following:

- 8 a. Failing to adopt, implement, and maintain adequate security measures to  
9 safeguard Class Members' PII;
- 10 b. Failing to adequately monitor the security of their networks and systems;
- 11 c. Allowing unauthorized access to Class Members' PII;
- 12 d. Failing to detect in a timely manner that Class Members' PII had been  
13 compromised;
- 14 e. Failing to remove former customers' PII it was no longer required to retain  
15 pursuant to regulations, and
- 16 f. Failing to timely and adequately notify Class Members about the Data Breach's  
17 occurrence and scope, so that they could take appropriate steps to mitigate the  
18 potential for identity theft and other damages.

19  
20  
21  
22 165. Defendant violated Section 5 of the FTC Act by failing to use reasonable  
23 measures to protect PII and not complying with applicable industry standards, as described in  
24 detail herein. Defendant's conduct was particularly unreasonable given the nature and amount  
25 of PII it obtained and stored and the foreseeable consequences of the immense damages that  
26 would result to Plaintiff and the Class.  
27  
28

1 166. Plaintiff and Class Members were within the class of persons the Federal Trade  
2 Commission Act was intended to protect and the type of harm that resulted from the Data  
3 Breach was the type of harm that the statute was intended to guard against.  
4

5 167. Defendant's violation of Section 5 of the FTC Act constitutes negligence.

6 168. The FTC has pursued enforcement actions against businesses, which, as a result  
7 of their failure to employ reasonable data security measures and avoid unfair and deceptive  
8 practices, caused the same harm as that suffered by Plaintiff and the Class.  
9

10 169. A breach of security, unauthorized access, and resulting injury to Plaintiff and  
11 the Class was reasonably foreseeable, particularly in light of Defendant's inadequate security  
12 practices.  
13

14 170. It was foreseeable that Defendant's failure to use reasonable measures to protect  
15 Class Members' PII would result in injury to Class Members. Further, the breach of security  
16 was reasonably foreseeable given the known high frequency of cyberattacks and data  
17 breaches in the retail industry.  
18

19 171. Defendant has full knowledge of the sensitivity of the PII and the types of harm  
20 that Plaintiff and the Class could and would suffer if the PII were wrongfully disclosed.

21 172. Plaintiff and the Class were the foreseeable and probable victims of any  
22 inadequate security practices and procedures. Defendant knew or should have known of the  
23 inherent risks in collecting and storing the PII of Plaintiff and the Class, the critical  
24 importance of providing adequate security of that PII, and the necessity for encrypting PII  
25 stored on Defendant's systems or transmitted through third party systems.  
26  
27  
28

1 173. It was therefore foreseeable that the failure to adequately safeguard Class  
2 Members' PII would result in one or more types of injuries to Class Members.

3 174. Plaintiff and the Class had no ability to protect their PII that was in, and possibly  
4 remains in, Defendant's possession.  
5

6 175. Defendant was in a position to protect against the harm suffered by Plaintiff and  
7 the Class as a result of the Data Breach.

8 176. Defendant's duty extended to protecting Plaintiff and the Class from the risk of  
9 foreseeable criminal conduct of third parties, which has been recognized in situations where  
10 the actor's own conduct or misconduct exposes another to the risk or defeats protections put  
11 in place to guard against the risk, or where the parties are in a special relationship. *See*  
12 Restatement (Second) of Torts § 302B. Numerous courts and legislatures have also  
13 recognized the existence of a specific duty to reasonably safeguard personal information.  
14  
15

16 177. Defendant has admitted that the PII of Plaintiff and the Class was wrongfully  
17 lost and disclosed to unauthorized third persons as a result of the Data Breach.

18 178. But for Defendant's wrongful and negligent breach of duties owed to Plaintiff  
19 and the Class, the PII of Plaintiff and the Class would not have been compromised.  
20

21 179. There is a close causal connection between Defendant's failure to implement  
22 security measures to protect the PII of Plaintiff and the Class and the harm, or risk of imminent  
23 harm, suffered by Plaintiff and the Class. The PII of Plaintiff and the Class was lost and  
24 accessed as the proximate result of Defendant's failure to exercise reasonable care in  
25 safeguarding such PII by adopting, implementing, and maintaining appropriate security  
26 measures.  
27  
28

1 180. As a direct and proximate result of Defendant's negligence, Plaintiff and the  
2 Class have suffered and will suffer injury, including but not limited to: (i) invasion of privacy;  
3 (ii) theft of their PII; (iii) lost or diminished value of PII; (iv) lost time and opportunity costs  
4 associated with attempting to mitigate the actual consequences of the Data Breach; (v) loss  
5 of benefit of the bargain; (vi) lost opportunity costs associated with attempting to mitigate the  
6 actual consequences of the Data Breach; (vii) nominal damages; and (viii) the continued and  
7 certainly increased risk to their PII, which: (a) remains unencrypted and available for  
8 unauthorized third parties to access and abuse; and (b) remains backed up in Defendant's  
9 possession and is subject to further unauthorized disclosures so long as Defendant fails to  
10 undertake appropriate and adequate measures to protect the PII.  
11  
12

13 181. Additionally, as a direct and proximate result of Defendant's negligence,  
14 Plaintiff and the Class have suffered and will suffer the continued risks of exposure of their  
15 PII, which remain in Defendant's possession and is subject to further unauthorized disclosures  
16 so long as Defendant fails to undertake appropriate and adequate measures to protect the PII  
17 in its continued possession.  
18

19 182. Plaintiff and Class Members are entitled to compensatory and consequential  
20 damages suffered as a result of the Data Breach.  
21

22 183. Plaintiff and Class Members are also entitled to injunctive relief requiring  
23 Defendant to (i) strengthen its data security systems and monitoring procedures; (ii) submit  
24 to future annual audits of those systems and monitoring procedures; and (iii) continue to  
25 provide adequate credit monitoring to all Class Members.  
26  
27  
28

1 **COUNT II**  
2 **Negligence *Per Se***  
3 **(On Behalf of Plaintiff and the Class)**

4 184. Plaintiff re-alleges and incorporates by reference all of the allegations contained  
5 in paragraphs 1 through 149, as if fully set forth herein.

6 185. Section 5 of the Federal Trade Commission Act, 15 U.S.C. § 45, prohibits  
7 “unfair . . . practices in or affecting commerce” including, as interpreted and enforced by the  
8 FTC, the unfair act or practice by companies, such as Defendant, of failing to use reasonable  
9 measures to protect Private Information. Various FTC publications and orders also form the  
10 basis of Defendant’s duty.  
11

12 186. Defendant violated Section 5 of the FTC Act by failing to use reasonable  
13 measures to protect PII and not complying with industry standards. Defendant’s conduct was  
14 particularly unreasonable given the nature and amount of PII obtained and stored and the  
15 foreseeable consequences of a data breach on Defendant’s systems.  
16

17 187. Defendant’s violation of Section 5 of the FTC Act constitutes negligence *per*  
18 *se*.  
19

20 188. Class Members are consumers within the class of persons that Section 5 of the  
21 FTC Act was intended to protect.

22 189. Moreover, the harm that has occurred is the type of harm that the FTC Act  
23 intended to guard against. Indeed, the FTC has pursued over fifty enforcement actions against  
24 businesses which, as a result of their failure to employ reasonable data security measures and  
25 avoid unfair and deceptive practices, caused the same harm suffered by Plaintiff and Class  
26 Members.  
27  
28

1 190. But for Defendant’s wrongful and negligent breach of duties owed to Plaintiff  
2 and the Class, the PII of Plaintiff and the Class would not have been compromised.

3 191. There is a close causal connection between Defendant’s failure to implement  
4 security measures to protect the PII of Plaintiff and the Class and the harm, or risk of imminent  
5 harm, suffered by Plaintiff and the Class. The PII of Plaintiff and the Class was lost and  
6 accessed as the proximate result of Defendant’s failure to exercise reasonable care in  
7 safeguarding such PII by adopting, implementing, and maintaining appropriate security  
8 measures.  
9

10 192. As a direct and proximate result of Defendant’s negligence *per se*, Plaintiff and  
11 the Class have suffered and will suffer injury, including but not limited to: (i) invasion of  
12 privacy; (ii) theft of their PII; (iii) lost or diminished value of PII; (iv) lost time and  
13 opportunity costs associated with attempting to mitigate the actual consequences of the Data  
14 Breach; (v) loss of benefit of the bargain; (vi) lost opportunity costs associated with  
15 attempting to mitigate the actual consequences of the Data Breach; (vii) nominal damages;  
16 and (viii) the continued and certainly increased risk to their PII, which: (a) remains  
17 unencrypted and available for unauthorized third parties to access and abuse; and (b) remains  
18 backed up in Defendant’s possession and is subject to further unauthorized disclosures so  
19 long as Defendant fails to undertake appropriate and adequate measures to protect the PII.  
20

21 193. As a direct and proximate result of Defendant’s negligence *per se*, Plaintiff and  
22 the Class have suffered and will continue to suffer other forms of injury and/or harm,  
23 including, but not limited to, anxiety, emotional distress, loss of privacy, and other economic  
24 and non-economic losses.  
25  
26  
27  
28

1 194. Additionally, as a direct and proximate result of Defendant’s negligence *per se*,  
2 Plaintiff and the Class have suffered and will suffer the continued risks of exposure of their  
3 Private Information, which remain in Defendant’s possession and is subject to further  
4 unauthorized disclosures so long as Defendant fails to undertake appropriate and adequate  
5 measures to protect the PII in its continued possession.  
6

7 195. Plaintiff and Class Members are entitled to compensatory and consequential  
8 damages suffered as a result of the Data Breach.  
9

10 196. Defendant’s negligent conduct is ongoing, in that it still holds the PII of Plaintiff  
11 and Class Members in an unsafe and insecure manner.

12 197. Plaintiff and Class Members are also entitled to injunctive relief requiring  
13 Defendant to (i) strengthen its data security systems and monitoring procedures; (ii) submit  
14 to future annual audits of those systems and monitoring procedures; and (iii) continue to  
15 provide adequate credit monitoring to all Class Members.  
16

17 **COUNT III**  
18 **Breach Of Implied Contract**  
19 **(On Behalf of Plaintiff and the Class)**

20 198. Plaintiff re-alleges and incorporates by reference all of the allegations contained  
21 in paragraphs 1 through 149, as if fully set forth herein.

22 199. Plaintiff and Class Members were required deliver their PII to Defendant as part  
23 of the process of obtaining products or services provided by Defendant. Plaintiff and Class  
24 Members paid money, or money was paid on their behalf, to Defendant in exchange for  
25 products or services and would not have paid for Defendant’s products or services, or would  
26  
27  
28

1 have paid less for them, had they known that Defendant's data security practices were  
2 substandard.

3  
4 200. Defendant solicited, offered, and invited Class Members to provide their PII as  
5 part of Defendant's regular business practices. Plaintiff and Class Members accepted  
6 Defendant's offers and provided their PII to Defendant.

7  
8 201. Defendant accepted possession of Plaintiff's and Class Members' PII for the  
9 purpose of providing services to Plaintiff and Class Members.

10  
11 202. Plaintiff and the Class entrusted their PII to Defendant. In so doing, Plaintiff  
12 and the Class entered into implied contracts with Defendant by which Defendant agreed to  
13 safeguard and protect such information, to keep such information secure and confidential, and  
14 to timely and accurately notify Plaintiff and the Class if their data had been breached and  
15 compromised or stolen.

16  
17 203. In entering into such implied contracts, Plaintiff and Class Members reasonably  
18 believed and expected that Defendant's data security practices complied with relevant laws  
19 and regulations (including FTC guidelines on data security) and were consistent with industry  
20 standards.

21  
22 204. Implicit in the agreement between Plaintiff and Class Members and the  
23 Defendant to provide PII, was the latter's obligation to: (a) use such PII for business purposes  
24 only, (b) take reasonable steps to safeguard that PII, (c) prevent unauthorized disclosures of  
25 the PII, (d) provide Plaintiff and Class Members with prompt and sufficient notice of any and  
26 all unauthorized access and/or theft of their PII, (e) reasonably safeguard and protect the PII

1 of Plaintiff and Class Members from unauthorized disclosure or uses, (f) retain the PII only  
2 under conditions that kept such information secure and confidential.

3 205. The mutual understanding and intent of Plaintiff and Class Members on the one  
4 hand, and Defendant, on the other, is demonstrated by their conduct and course of dealing.  
5

6 206. On information and belief, at all relevant times Defendant promulgated,  
7 adopted, and implemented written privacy policies whereby it expressly promised Plaintiff  
8 and Class Members that it would only disclose PII under certain circumstances, none of which  
9 relate to the Data Breach.  
10

11 207. On information and belief, Defendant further promised to comply with industry  
12 standards and to make sure that Plaintiff's and Class Members' PII would remain protected.  
13

14 208. Plaintiff and Class Members paid money to Defendant with the reasonable  
15 belief and expectation that Defendant would use part of its earnings to obtain adequate data  
16 security. Defendant failed to do so.

17 209. Plaintiff and Class Members would not have entrusted their PII to Defendant in  
18 the absence of the implied contract between them and Defendant to keep their information  
19 reasonably secure.  
20

21 210. Plaintiff and Class Members would not have entrusted their PII to Defendant in  
22 the absence of their implied promise to monitor their computer systems and networks to  
23 ensure that it adopted reasonable data security measures.  
24

25 211. Every contract in this State has an implied covenant of good faith and fair  
26 dealing, which is an independent duty and may be breached even when there is no breach of  
27 a contract's actual and/or express terms.  
28

1 212. Plaintiff and Class Members fully and adequately performed their obligations  
2 under the implied contracts with Defendant.

3 213. Defendant breached the implied contracts it made with Plaintiff and the Class  
4 by failing to safeguard and protect their personal information, by failing to delete the  
5 information of Plaintiff and the Class once the relationship ended, and by failing to provide  
6 accurate notice to them that personal information was compromised as a result of the Data  
7 Breach.  
8

9 214. Defendant breached the implied covenant of good faith and fair dealing by  
10 failing to maintain adequate computer systems and data security practices to safeguard PII,  
11 failing to timely and accurately disclose the Data Breach to Plaintiff and Class Members and  
12 continued acceptance of PII and storage of other personal information after Defendant knew,  
13 or should have known, of the security vulnerabilities of the systems that were exploited in the  
14 Data Breach.  
15

16 215. As a direct and proximate result of Defendant's breach of the implied contracts,  
17 Plaintiff and Class Members sustained damages, including, but not limited to: (i) invasion of  
18 privacy; (ii) theft of their PII; (iii) lost or diminished value of PII; (iv) lost time and  
19 opportunity costs associated with attempting to mitigate the actual consequences of the Data  
20 Breach; (v) loss of benefit of the bargain; (vi) lost opportunity costs associated with  
21 attempting to mitigate the actual consequences of the Data Breach; (vii) nominal damages;  
22 and (viii) the continued and certainly increased risk to their PII, which: (a) remains  
23 unencrypted and available for unauthorized third parties to access and abuse; and (b) remains  
24  
25  
26  
27  
28

1 backed up in Defendant's possession and is subject to further unauthorized disclosures so  
2 long as Defendant fails to undertake appropriate and adequate measures to protect the PII.

3  
4 216. Plaintiff and Class Members are entitled to compensatory, consequential, and  
5 nominal damages suffered as a result of the Data Breach.

6 217. Plaintiff and Class Members are also entitled to injunctive relief requiring  
7 Defendant to, *e.g.*, (i) strengthen its data security systems and monitoring procedures; (ii)  
8 submit to future annual audits of those systems and monitoring procedures; and (iii)  
9 immediately provide adequate credit monitoring to all Class Members.  
10

11 **COUNT IV**  
12 **Unjust Enrichment**  
13 **(On Behalf of Plaintiff and the Class)**

14 218. Plaintiff re-alleges and incorporates by reference all of the allegations contained  
15 in paragraphs 1 through 149, as if fully set forth herein.

16 219. Plaintiff brings this Count in the alternative to the breach of implied contract  
17 count above.

18 220. Plaintiff and Class Members conferred a monetary benefit on Defendant.  
19 Specifically, they paid Defendant and/or its agents for retail products or services and in so  
20 doing also provided Defendant with their PII. In exchange, Plaintiff and Class Members  
21 should have received from Defendant the products or services that were the subject of the  
22 transaction and should have had their PII protected with adequate data security.  
23

24 221. Defendant knew that Plaintiff and Class Members conferred a benefit upon it  
25 and has accepted and retained that benefit by accepting and retaining the PII entrusted to it.  
26  
27  
28

1 Defendant profited from Plaintiff's retained data and used Plaintiff's and Class Members' PII  
2 for business purposes.

3 222. Defendant failed to secure Plaintiff's and Class Members' PII and, therefore,  
4 did not fully compensate Plaintiff or Class Members for the value that their PII provided.  
5

6 223. Defendant acquired the PII through inequitable record retention as it failed to  
7 investigate and/or disclose the inadequate data security practices previously alleged.  
8

9 224. If Plaintiff and Class Members had known that Defendant would not use  
10 adequate data security practices, procedures, and protocols to adequately monitor, supervise,  
11 and secure their PII, they would have entrusted their PII at Defendant or obtained products or  
12 services at Defendant.

13 225. Plaintiff and Class Members have no adequate remedy at law.

14 226. Defendant enriched itself by saving the costs it reasonably should have  
15 expended on data security measures to secure Plaintiff's and Class Members' Personal  
16 Information. Instead of providing a reasonable level of security that would have prevented  
17 the hacking incident, Defendant instead calculated to increase its own profit at the expense of  
18 Plaintiff and Class Members by utilizing cheaper, ineffective security measures and diverting  
19 those funds to its own profit. Plaintiff and Class Members, on the other hand, suffered as a  
20 direct and proximate result of Defendant's decision to prioritize its own profits over the  
21 requisite security and the safety of their PII.  
22  
23

24 227. Under the circumstances, it would be unjust for Defendant to be permitted to  
25 retain any of the benefits that Plaintiff and Class Members conferred upon it.  
26  
27  
28

1 228. As a direct and proximate result of Defendant’s conduct, Plaintiff and Class  
2 Members have suffered and will suffer injury, including but not limited to: (i) invasion of  
3 privacy; (ii) theft of their PII; (iii) lost or diminished value of PII; (iv) lost time and  
4 opportunity costs associated with attempting to mitigate the actual consequences of the Data  
5 Breach; (v) loss of benefit of the bargain; (vi) lost opportunity costs associated with  
6 attempting to mitigate the actual consequences of the Data Breach; (vii) nominal damages;  
7 and (viii) the continued and certainly increased risk to their PII, which: (a) remains  
8 unencrypted and available for unauthorized third parties to access and abuse; and (b) remains  
9 backed up in Defendant’s possession and is subject to further unauthorized disclosures so  
10 long as Defendant fails to undertake appropriate and adequate measures to protect the PII.  
11  
12

13 229. Plaintiff and Class Members are entitled to full refunds, restitution, and/or  
14 damages from Defendant and/or an order proportionally disgorging all profits, benefits, and  
15 other compensation obtained by Defendant from its wrongful conduct. This can be  
16 accomplished by establishing a constructive trust from which the Plaintiff and Class Members  
17 may seek restitution or compensation.  
18  
19

20 230. Plaintiff and Class Members may not have an adequate remedy at law against  
21 Defendant, and accordingly, they plead this claim for unjust enrichment in addition to, or in  
22 the alternative to, other claims pleaded herein.  
23

24 **PRAYER FOR RELIEF**

25 **WHEREFORE**, Plaintiff, on behalf of herself and Class Members, requests judgment  
26 against Defendant and that the Court grants the following:  
27  
28

- 1 A. For an Order certifying the Class, and appointing Plaintiff and her Counsel to  
2 represent the Class;
- 3 B. For equitable relief enjoining Defendant from engaging in the wrongful conduct  
4 complained of herein pertaining to the misuse and/or disclosure of the PII of  
5 Plaintiff and Class Members;
- 6 C. For injunctive relief requested by Plaintiff, including but not limited to,  
7 injunctive and other equitable relief as is necessary to protect the interests of  
8 Plaintiff and Class Members, including but not limited to an order:
- 9
- 10
- 11 i. prohibiting Defendant from engaging in the wrongful and unlawful acts  
12 described herein;
- 13
- 14 ii. requiring Defendant to protect, including through encryption, all data  
15 collected through the course of its business in accordance with all applicable  
16 regulations, industry standards, and federal, state or local laws;
- 17
- 18 iii. requiring Defendant to delete, destroy, and purge the personal identifying  
19 information of Plaintiff and Class Members unless Defendant can provide  
20 to the Court reasonable justification for the retention and use of such  
21 information when weighed against the privacy interests of Plaintiff and  
22 Class Members;
- 23
- 24 iv. requiring Defendant to provide out-of-pocket expenses associated with the  
25 prevention, detection, and recovery from identity theft, tax fraud, and/or  
26 unauthorized use of their PII for Plaintiff's and Class Members' respective  
27 lifetimes;
- 28

- v. requiring Defendant to implement and maintain a comprehensive Information Security Program designed to protect the confidentiality and integrity of the PII of Plaintiff and Class Members;
- vi. prohibiting Defendant from maintaining the PII of Plaintiff and Class Members on a cloud-based database;
- vii. requiring Defendant to engage independent third-party security auditors/penetration testers as well as internal security personnel to conduct testing, including simulated attacks, penetration tests, and audits on Defendant's systems on a periodic basis, and ordering Defendant to promptly correct any problems or issues detected by such third-party security auditors;
- viii. requiring Defendant to engage independent third-party security auditors and internal personnel to run automated security monitoring;
- ix. requiring Defendant to audit, test, and train its security personnel regarding any new or modified procedures;
- x. requiring Defendant to segment data by, among other things, creating firewalls and controls so that if one area of Defendant's network is compromised, hackers cannot gain access to portions of Defendant's systems;
- xi. requiring Defendant to conduct regular database scanning and securing checks;

- 1           xii. requiring Defendant to establish an information security training program  
2           that includes at least annual information security training for all employees,  
3           with additional training to be provided as appropriate based upon the  
4           employees' respective responsibilities with handling personal identifying  
5           information, as well as protecting the personal identifying information of  
6           Plaintiff and Class Members;
- 7  
8           xiii. requiring Defendant to routinely and continually conduct internal training  
9           and education, and on an annual basis to inform internal security personnel  
10          how to identify and contain a breach when it occurs and what to do in  
11          response to a breach;
- 12  
13          xiv. requiring Defendant to implement a system of tests to assess its respective  
14          employees' knowledge of the education programs discussed in the  
15          preceding subparagraphs, as well as randomly and periodically testing  
16          employees' compliance with Defendant's policies, programs, and systems  
17          for protecting personal identifying information;
- 18  
19          xv. requiring Defendant to implement, maintain, regularly review, and revise as  
20          necessary a threat management program designed to appropriately monitor  
21          Defendant's information networks for threats, both internal and  
22          external, and assess whether monitoring tools are appropriately configured,  
23          tested, and updated;
- 24  
25          xvi. requiring Defendant to meaningfully educate all Class Members about the  
26          threats that they face as a result of the loss of their confidential personal  
27          information;
- 28

1 identifying information to third parties, as well as the steps affected  
2 individuals must take to protect herself;

3 xvii. requiring Defendant to implement logging and monitoring programs  
4 sufficient to track traffic to and from Defendant's servers; and  
5

6 xviii. for a period of 10 years, appointing a qualified and independent third party  
7 assessor to conduct a SOC 2 Type 2 attestation on an annual basis to  
8 evaluate Defendant's compliance with the terms of the Court's final  
9 judgment, to provide such report to the Court and to counsel for the class,  
10 and to report any deficiencies with compliance of the Court's final  
11 judgment;  
12

13 D. For an award of damages, including actual, nominal, consequential, and  
14 punitive damages, as allowed by law in an amount to be determined;

15 E. For an award of attorneys' fees, costs, and litigation expenses, as allowed by  
16 law;  
17

18 F. For prejudgment interest on all amounts awarded; and

19 G. Such other and further relief as this Court may deem just and proper.  
20

21 **JURY TRIAL DEMANDED**

22 Plaintiff hereby demands a trial by jury on all claims so triable.

23 Dated: November 27, 2024.

24 Respectfully Submitted,
