15 **UNITED STATES DISTRICT COURT**  
16 **CENTRAL DISTRICT OF CALIFORNIA**  
17 **SOUTHERN DIVISION**

18 TYLER TATE, individually, and on  
19 behalf of all others similarly situated,

20 Plaintiffs,

21 vs.

22 5.11, INC.,

23 Defendant.

Case No.: 8:24-cv-02327

**CLASS ACTION COMPLAINT**  
**DEMAND FOR JURY TRIAL**

24 Plaintiff Tyler Tate (“Plaintiff”) brings this Class Action Complaint on  
25 behalf of himself, and all others similarly situated, against Defendant 5.11, Inc.  
26 (“5.11” or “Defendant”), alleging as follows, based upon information and belief and  
27 investigation of counsel, except as to the allegations specifically pertaining to him,  
28 which is based on personal knowledge:

1. Entities that gather and retain sensitive, personally identifying  
information (“PII” or “Private Information”) owe a duty to the individuals to whom

1 that data relates. This duty arises because it is foreseeable that the exposure of  
2 consumers' PII to unauthorized persons—especially hackers with nefarious  
3 intentions—will cause harm to such individuals.

4 2. Defendant specializes in tactical gear and apparel designed for military,  
5 law enforcement, and outdoor enthusiasts primarily to individual consumers. In the  
6 course of its business, Defendant collects consumer data including, but not  
7 necessarily limited to, consumers' first and last names, full addresses, and preferred  
8 mailing addresses, email addresses, payment card numbers, expiration dates and  
9 security codes.

10 3. Defendant warrants to consumers that the services it offers on its  
11 website are safe and secure. For example, it represents:  
12

13 To prevent unauthorized access, maintain data accuracy, and ensure the  
14 correct use of information, we have put in place and place and maintain  
15 appropriate physical, electronic, and managerial procedures to  
safeguard and secure the information we collect.<sup>1</sup>

16 4. Contrary to its assurances, Defendant did not maintain adequate  
17 systems and procedures to ensure the security of the highly sensitive PII consumers  
18 entrusted to it. As more specifically described below, this Complaint concerns a  
19 recent data breach (the "Data Breach") on 5.11's network that resulted in  
20 unauthorized access to the highly sensitive data of roughly 27,742 individuals.

21 5. Upon information and belief, up to and through July 2024, Defendant  
22 obtained the PII of Plaintiff and Class Members and stored that PII, unencrypted, in  
23 an Internet-accessible environment on Defendant 5.11's network, from which  
24 unauthorized actors used an extraction tool to retrieve sensitive PII belonging to  
25

26  
27  
28 <sup>1</sup> <https://www.511tactical.com/company-info/privacy-security-terms>

1 Plaintiff and Class Members.

2 6. In the website notice, Defendant claimed that it learned of the Data  
3 Breach on September 12, 2024, yet waited two months before sending statutory data  
4 breach notices.

5 7. The harm resulting from a breach of private data manifests in a number  
6 of ways, including identity theft and financial fraud. The exposure of a person's PII  
7 through a data breach ensures that such person will be at a substantially increased  
8 and certainly impending risk of identity theft crimes compared to the rest of the  
9 population, potentially for the rest of their lives. Mitigating that risk—to the extent  
10 it is even possible to do so—requires individuals to devote significant time and  
11 money to closely monitor their credit, financial accounts, health records, and email  
12 accounts, as well as other prophylactic measures.

13 8. Defendant breached its duty to protect the sensitive PII entrusted to it,  
14 failed to abide by its own Privacy Policy, and failed to provide sufficiently prompt  
15 notice after learning of the Data Breach. As such, Plaintiff brings this Class action  
16 on behalf of themselves and over 27,000 other consumers whose PII was accessed  
17 and exposed to unauthorized third parties.

18 9. As a direct and proximate result of Defendant's inadequate data  
19 security, and breach of its duty to handle PII with reasonable care, Plaintiff's and the  
20 Class' PII has been accessed by hackers, potentially posted on the dark web, and  
21 exposed to an untold number of unauthorized individuals.

22 10. Plaintiff is now at a significantly increased and certainly impending risk  
23 of fraud, identity theft, and similar forms of criminal mischief, risk which may last  
24 for the rest of his life. Consequently, Plaintiff must devote substantially more time,  
25 money, and energy to protect himself, to the extent possible, from these crimes.  
26  
27  
28

1 efforts, and potentially expenses to review their credit reports, monitor their financial  
2 accounts, and monitor for fraud or identify theft.

3 16. Defendant 5.11, Inc. (“5.11”), is a provider of tactical gear and apparel  
4 with its headquarters at 3150 Bristol Street, Costa Mesa, California, 92626.

5 17. Defendant 5.11, Inc. is a corporation formed in California and  
6 registered in good standing in California.

### 7 **JURISDICTION AND VENUE**

8 18. This Court has subject matter jurisdiction over this matter pursuant to  
9 28 U.S.C. § 1332(d). The amount in controversy in this Class action exceeds  
10 \$5,000,000, exclusive of interest and costs, and there are numerous Class members  
11 who are citizens of states other than Defendant’s states of citizenship.

12 19. This Court has personal jurisdiction over Defendant in this case because  
13 Defendant is headquartered and has its principal place of business in this District.  
14 Defendant conducts substantial business and has minimum contacts with the State  
15 of California.

16 20. Venue is proper in this District under 28 U.S.C. §1391(b) because  
17 Defendant and/or its parents or affiliates are headquartered in this District and a  
18 substantial part of the events or omissions giving rise to Plaintiff’s claims occurred  
19 in this District.

### 20 **FACTUAL BACKGROUND**

#### 21 ***Defendant and the Services it Provides.***

22 21. Defendant 5.11 specializes in tactical gear and apparel designed for  
23 military, law enforcement, and outdoor enthusiasts. The company offers a wide  
24 range of products, including clothing, footwear and accessories. The company  
25 operates a chain of retail stores with over 100 locations as of August 2023.  
26  
27  
28

1 22. On information and belief, 5.11 maintains the PII of customers,  
2 including but not limited to:

- 3 a. name, residential address, phone number and email address; and  
4 b. credit card (purchasing) information

5 23. Plaintiff and Class Members directly or indirectly entrusted Defendant  
6 with sensitive and confidential PII, which includes information that is static, does  
7 not change, and can be used to commit myriad financial and other crimes.

8 24. By obtaining, collecting, and storing Plaintiff's and Class Members' PII,  
9 Defendant assumed legal and equitable duties and knew or should have known that  
10 Defendant was responsible for protecting Plaintiff's' PII from unauthorized  
11 disclosure.

12 25. Plaintiff and the Class Members relied on Defendant to implement and  
13 follow adequate data security policies and protocols, to keep their PII confidential  
14 and securely maintained, to use such PII solely for business purposes, and to prevent  
15 the unauthorized disclosures of the PII.

16 26. If Plaintiff and Class Members had known that Defendant would not  
17 take reasonable and appropriate steps to protect their sensitive and valuable PII, they  
18 would not have entrusted it to Defendant.

19 27. Since July 2024, Tate noticed a significant increase in spam calls, texts  
20 and emails.

21 ***Defendant Knew the Risks of Storing Valuable PII and the Foreseeable Harm to***  
22 ***its Consumers.***

23 28. At all relevant times, Defendant knew it was storing sensitive PII and  
24 that, as a result, its systems would be an attractive target for cybercriminals.  
25  
26  
27  
28

1           29. Defendant also knew that a breach of its systems, and exposure of the  
2 information stored therein, would result in the increased risk of identity theft and  
3 fraud against the individuals whose PII was compromised.

4           30. These risks are not theoretical. The financial industry has become a  
5 prime target for threat actors.

6           31. Cyberattacks have become so notorious that the FBI and U.S. Secret  
7 Service have issued a warning to potential targets so they are aware of, and prepared  
8 for, a potential attack.

9           32. In tandem with the increase in data breaches, the rate of identity theft  
10 complaints has also increased over the past few years. For instance, in 2017, 2.9  
11 million people reported some form of identity fraud compared to 5.7 million people  
12 in 2021.<sup>2</sup>

13           33. The type and breadth of data compromised in the Data Breach makes  
14 the information particularly valuable to thieves and leaves Defendant's consumers  
15 especially vulnerable to identity theft, tax fraud, medical fraud, credit and bank  
16 fraud, and more.

17           34. PII is a valuable property right.<sup>3</sup> The value of PII as a commodity is  
18  
19  
20  
21

26 <sup>3</sup> See Marc Van Lieshout, *The Value of Personal Data*, 457 IFIP ADVANCES IN  
27 INFORMATION & COMMUNICATION TECHNOLOGY 26 (May 2015),  
28 [https://www.researchgate.net/publication/283668023\\_The\\_Value\\_of\\_Personal\\_Data](https://www.researchgate.net/publication/283668023_The_Value_of_Personal_Data)  
("The value of [personal] information is well understood by marketers who try to collect  
as much data about personal conducts and preferences as possible ...").

1 measurable.<sup>4</sup> “Firms are now able to attain significant market valuations by  
2 employing business models predicated on the successful use of personal data within  
3 the existing legal and regulatory frameworks.”<sup>5</sup> American companies are estimated  
4 to have spent over \$19 billion on acquiring personal data of consumers in 2018.<sup>6</sup> It  
5 is so valuable to identity thieves that once PII has been disclosed, criminals often  
6 trade it on the “cyber black-market,” or the “dark web,” for many years.  
7

8 35. As a result of their real value and the recent large-scale data breaches,  
9 identity thieves and cyber criminals have openly posted credit card numbers, Social  
10 Security numbers, PII, and other sensitive information directly on various Internet  
11 websites, making the information publicly available. This information from various  
12 breaches, including the information exposed in the Data Breach, can be aggregated,  
13 and becomes more valuable to thieves and more damaging to victims.

14 36. According to the U.S. Government Accountability Office, which  
15 conducted a study regarding data breaches: “[I]n some cases, stolen data may be held  
16 for up to a year or more before being used to commit identity theft. Further, once  
17 stolen data have been sold or posted on the [Dark] Web, fraudulent use of that

1 information may continue for years. As a result, studies that attempt to measure the  
2 harm resulting from data breaches cannot necessarily rule out all future harm.”<sup>7</sup>

3 37. Even if stolen PII does not include financial or payment card account  
4 information, that does not mean there has been no harm, or that the breach does not  
5 cause a substantial risk of identity theft. Freshly stolen information can be used with  
6 success against victims in specifically targeted efforts to commit identity theft  
7 known as social engineering or spear phishing. In these forms of attack, the criminal  
8 uses the previously obtained PII about the individual, such as name, address, email  
9 address, and affiliations, to gain trust and increase the likelihood that a victim will  
10 be deceived into providing the criminal with additional information.  
11

12 38. Consumers place a high value on the privacy of that data. Researchers  
13 shed light on how much consumers value their data privacy—and the amount is  
14 considerable. Indeed, studies confirm that “when privacy information is made more  
15 salient and accessible, some consumers are willing to pay a premium to purchase  
16 from privacy protective websites.”<sup>8</sup>

17 39. Given these facts, any company that transacts business with a consumer  
18 and then compromises the privacy of consumers’ PII has thus deprived that  
19 consumer of the full monetary value of the consumer’s transaction with the company.

20 40. Based on the value of its consumers’ PII to cybercriminals and the  
21 growing rate of data breaches, Defendant certainly knew the foreseeable risk of  
22 failing to implement adequate cybersecurity measures.

1 ***Defendant Breached its Duty to Protect its Consumers' PII.***

2 41. On or around October 4, 2024, 5.11 filed a Data Breach Notification  
3 with the Office of the Maine Attorney General.<sup>9</sup>

4 42. It is likely the Data Breach was targeted at Defendant due to its status  
5 as a retailer that collects, creates, and maintains sensitive PII.

6 43. Upon information and belief, the cyberattack was expressly designed  
7 to gain access to private and confidential data of specific individuals, including  
8 (among other things) the PII of Plaintiff and the Class Members.

9 44. Upon information and belief, and based on the type of cyberattack, it is  
10 plausible and likely that Plaintiff's PII was stolen in the Data Breach. Plaintiff further  
11 believes his PII was likely subsequently sold on the dark web following the Data  
12 Breach, as that is the modus operandi of cybercriminals.

13 45. Defendant had a duty to adopt appropriate measures to protect  
14 Plaintiff's and Class Members' PII from involuntary disclosure to third parties.

15 46. Because of the Data Breach, data thieves were able to gain access to  
16 Defendant's private systems on July 12, 2024, and were able to compromise, access,  
17 and acquire the protected PII of Plaintiff and Class Members.

18 47. 5.11 had obligations created by contract, industry standards, common  
19 law, and its own promises and representations made to Plaintiff and Class Members  
20 to keep their PII confidential and to protect them from unauthorized access and  
21 disclosure.

22 48. Plaintiff and the Class Members reasonably relied (directly or  
23 indirectly) on Defendants' sophistication to keep their sensitive PII confidential; to  
24

25  
26  
27 <sup>9</sup> [https://www.maine.gov/agviewer/content/ag/985235c7-cb95-4be2-8792-  
28 a1252b4f8318/941df45f-c335-4c8c-8918-7c01c1d0014a.html](https://www.maine.gov/agviewer/content/ag/985235c7-cb95-4be2-8792-a1252b4f8318/941df45f-c335-4c8c-8918-7c01c1d0014a.html)

1 maintain proper system security; to use this information for business purposes only;  
2 and to make only authorized disclosures of their PII.

3 49. Plaintiff's and Class Members' unencrypted, unredacted PII was  
4 compromised due to Defendant's negligent and/or careless acts and omissions, and  
5 due to the utter failure to protect Class Members' PII. Criminal hackers obtained  
6 their PII because of its value in exploiting and stealing the identities of Plaintiff and  
7 Class Members. The heightened risks to Plaintiff and Class Members will remain  
8 for their respective lifetimes.

9  
10 ***FTC Guidelines Prohibit Defendant from Engaging in Unfair or Deceptive Acts***  
11 ***or Practices.***

12 50. Defendant is prohibited by the Federal Trade Commission Act, 15  
13 U.S.C. § 45 ("FTC Act") from engaging in "unfair or deceptive acts or practices in  
14 or affecting commerce." The Federal Trade Commission ("FTC") has concluded that  
15 a company's failure to maintain reasonable and appropriate data security for  
16 consumers' sensitive personal information is an "unfair practice" in violation of the  
17 FTC Act.

18 51. The FTC has promulgated numerous guides for businesses that  
19 highlight the importance of implementing reasonable data security practices.  
20 According to the FTC, the need for data security should be factored into all business  
21 decision-making.<sup>10</sup>

22 52. The FTC provided cybersecurity guidelines for businesses, advising  
23 that businesses should protect personal customer information, properly dispose of  
24

25  
26  
27 <sup>10</sup> *Start with Security – A Guide for Business*, United States Federal Trade Comm'n (2015),  
28 <https://www.ftc.gov/system/files/documents/plain-language/pdf0205-startwithsecurity.pdf>.

1 personal information that is no longer needed, encrypt information stored on  
2 networks, understand their network's vulnerabilities, and implement policies to  
3 correct any security problems.<sup>11</sup>

4 53. The FTC further recommends that companies not maintain PII longer  
5 than is needed for authorization of a transaction; limit access to private data; require  
6 complex passwords to be used on networks; use industry-tested methods for  
7 security; monitor for suspicious activity on the network; and verify that third-party  
8 service providers have implemented reasonable security measures.<sup>12</sup>

9 54. The FTC has brought enforcement actions against businesses for failing  
10 to adequately and reasonably protect customer data, treating the failure to employ  
11 reasonable and appropriate measures to protect against unauthorized access to  
12 confidential consumer data as an unfair act or practice prohibited by Section 5 of the  
13 FTC Act. Orders resulting from these actions further clarify the measures businesses  
14 must take to meet their data security obligations.

15 55. Defendant failed to properly implement basic data security practices.  
16 Defendant's failure to employ reasonable and appropriate measures to protect  
17 against unauthorized access to consumers' PII constitutes an unfair act of practice  
18 prohibited by Section 5 of the FTC Act.  
19

28 <sup>12</sup> *Id.*

1 ***Cyberattacks and Data Breaches Cause Disruption and Put Consumers at an***  
2 ***Increased Risk of Fraud and Identity Theft.***

3 56. Cyberattacks and data breaches at companies like Defendant are  
4 especially problematic because they can negatively impact the overall daily lives of  
5 individuals affected by the attack.

6 57. The United States Government Accountability Office released a report  
7 in 2007 regarding data breaches (“GAO Report”) in which it noted that victims of  
8 identity theft will face “substantial costs and time to repair the damage to their good  
9 name and credit record.”<sup>13</sup>

10 58. That is because any victim of a data breach is exposed to serious  
11 ramifications regardless of the nature of the data. Indeed, the reason criminals steal  
12 personally identifiable information is to monetize it. They do this by selling the  
13 spoils of their cyberattacks on the black market to identity thieves who desire to  
14 extort and harass victims, and to take over victims’ identities in order to engage in  
15 illegal financial transactions under the victims’ names. Because a person’s identity  
16 is akin to a puzzle, the more accurate pieces of data an identity thief obtains about a  
17 person, the easier it is for the thief to take on the victim’s identity, or otherwise harass  
18 or track the victim. For example, armed with just a name and date of birth, a data  
19 thief can utilize a hacking technique referred to as “social engineering” to obtain  
20 even more information about a victim’s identity, such as a person’s login credentials  
21 or Social Security number. Social engineering is a form of hacking whereby a data  
22 thief uses previously acquired information to manipulate individuals into disclosing  
23

24  
25  
26  
27 <sup>13</sup> See U.S. Gov. Accounting Office, GAO-07-737, Personal Information: Data Breaches  
28 Are Frequent, but Evidence of Resulting Identity Theft Is Limited; However, the Full  
Extent Is Unknown (2007), <https://www.gao.gov/new.items/d07737.pdf>.

1 additional confidential or personal information through means such as spam phone  
2 calls and text messages or phishing emails.

3 59. Theft of PII is serious. The FTC warns consumers that identity thieves  
4 use PII to exhaust financial accounts, receive medical treatment, open new utility  
5 accounts, and incur charges and credit in a person's name.

6 60. The FTC recommends that identity theft victims take several steps to  
7 protect their personal and financial information after a data breach, including  
8 contacting one of the credit bureaus to place a fraud alert (and consider an extended  
9 fraud alert that lasts for 7 years if someone steals their identity), reviewing their  
10 credit reports, contacting companies to remove fraudulent charges from their  
11 accounts, placing freezes on their credit, and correcting their credit reports.<sup>14</sup>

12 61. Identity thieves use stolen personal information such as Social Security  
13 numbers for a variety of crimes, including credit card fraud, phone or utilities fraud,  
14 and bank/finance fraud. According to Experian, one of the largest credit reporting  
15 companies in the world, "[t]he research shows that personal information is valuable  
16 to identity thieves, and if they can get access to it, they will use it" to among other  
17 things: open a new credit card or loan, change a billing address so the victim no  
18 longer receives bills, open new utilities, obtain a mobile phone, open a bank account  
19 and write bad checks, use a debit card number to withdraw funds, obtain a new  
20 driver's license or ID, and/or use the victim's information in the event of arrest or  
21 court action.

22 62. Identity thieves can also use the victim's name and Social Security  
23 number to obtain government benefits; or file a fraudulent tax return using the  
24

---

25  
26  
27 <sup>14</sup> See *IdentityTheft.gov*, Federal Trade Commission, <https://www.identitytheft.gov/Steps>  
28 (last accessed Feb. 24, 2023).

1 victim's information. In addition, identity thieves may obtain a job using the victim's  
2 Social Security number, and/or rent a house or receive medical services in the  
3 victim's name.

4 63. Moreover, theft of PII is also gravely serious because PII is an  
5 extremely valuable property right.<sup>15</sup>

6 64. Each year, identity theft causes tens of billions of dollars of losses to  
7 victims in the United States. For example, with the PII stolen in the Data Breach,  
8 which includes Social Security numbers, identity thieves can open financial accounts,  
9 commit medical fraud, apply for credit, file fraudulent tax returns, commit crimes,  
10 create false driver's licenses and other forms of identification and sell them to other  
11 criminals or undocumented immigrants, steal government benefits, give breach  
12 victims' names to police during arrests, and many other harmful forms of identity  
13 theft. These criminal activities have and will result in devastating financial and  
14 personal losses to Plaintiff and Class members.

15 65. These risks are both certainly impending and substantial. As the FTC  
16 has reported, if hackers get access to PII, they *will use it*.<sup>16</sup>

17 66. There may also be a time lag between when sensitive personal  
18 information is stolen, when it is used, and when a person discovers it has been used.  
19 Fraud and identity theft resulting from the Data Breach may go undetected until debt  
20 collection calls commence months, or even years later.

---

21  
22  
23  
24  
25 <sup>15</sup> See, e.g., John T. Soma, et al., *Corporate Privacy Trend: The "Value" of Personally*  
26 *Identifiable Information ("PII") Equals the "Value" of Financial Assets*, 15 Rich. J.L. &  
27 *Tech.* 11, at \*3-4 (2009) ("PII, which companies obtain at little cost, has quantifiable value  
that is rapidly reaching a level comparable to the value of traditional financial assets." (citations omitted)).

28 <sup>16</sup> *Id.*

1 67. For example, on average it takes approximately three months for  
2 consumers to discover their identity has been stolen and used, and it takes some  
3 individuals up to three years to learn that information.<sup>17</sup>

4 68. Cybercriminals can post stolen PII on the cyber black market for years  
5 following a data breach, thereby making such information publicly available.

6 69. Approximately 21% of victims do not realize their identity has been  
7 compromised until more than two years after it happened.<sup>18</sup> This gives thieves ample  
8 time to seek multiple treatments under the victim's name.

9 70. Identity theft victims must spend countless hours and large amounts of  
10 money repairing the impact to their credit as well as protecting themselves in the  
11 future.<sup>19</sup>

12 71. It is within this context that Plaintiff must now live with the knowledge  
13 that his PII is forever in cyberspace and was taken by people willing to use the  
14 information for any number of improper purposes and scams, including making the  
15 information available for sale on the black market.

16 72. Victims of the Data Breach, like Plaintiff, must spend many hours and  
17 large amounts of money protecting themselves from the current and future negative  
18 impacts to their privacy and credit because of the Data Breach.<sup>20</sup>

28 <sup>20</sup> *Id.*

1           73. As a direct and proximate result of the Data Breach, Plaintiff has had  
2 his PII exposed, have suffered harm and have been placed at an imminent, immediate,  
3 and continuing increased risk of harm from fraud and identity theft. Plaintiff must  
4 now take the time and effort (and spend the money) to mitigate the actual and  
5 potential impact of the Data Breach on his everyday life, including purchasing  
6 identity theft and credit monitoring services every year for the rest of his life, placing  
7 “freezes” and “alerts” with credit reporting agencies, contacting his financial  
8 institutions and healthcare providers, closing or modifying financial accounts, and  
9 closely reviewing and monitoring bank accounts, credit reports, and health insurance  
10 account information for unauthorized activity for years to come.

11           74. Moreover, Plaintiff and Class members have an interest in ensuring that  
12 their PII, which remains in the possession of Defendant, is protected from further  
13 public disclosure by the implementation of better employee training and industry  
14 standard and statutorily compliant security measures and safeguards. Defendant has  
15 shown itself to be wholly incapable of protecting Plaintiff’s PII.

16           75. Plaintiff and Class members also have an interest in ensuring that their  
17 personal information that was provided to Defendant is removed from Defendant’s  
18 unencrypted files.

19           76. Because of the value of its collected and stored data, Defendant knew  
20 or should have known about these dangers and strengthened its data security  
21 accordingly. Defendant was put on notice of the substantial and foreseeable risk of  
22 harm from a data breach, yet it failed to properly prepare for that risk.

23 ***Plaintiff Suffered Damages.***

24           77. Defendant received Plaintiff and Class members’ PII in connection  
25 with providing retail services to them. In requesting and maintaining Plaintiff’s PII  
26 for business purposes, Defendant expressly and impliedly promised, and undertook  
27

1 a duty, to act reasonably in its handling of Plaintiff's and Class members' PII.  
2 Defendant did not, however, take proper care of Plaintiff and Class members' PII,  
3 leading to its exposure to and exfiltration by cybercriminals as a direct result of  
4 Defendant's inadequate security measures.

5  
6 78. For the reasons mentioned above, Defendant's conduct, which allowed  
7 the Data Breach to occur, caused Plaintiff and Class members significant injuries  
8 and harm in several ways. Plaintiff and Class members must immediately devote  
9 time, energy, and money to: (1) closely monitor their medical statements, bills,  
10 records, and credit and financial accounts; (2) change login and password  
11 information on any sensitive account even more frequently than they already do; (3)  
12 more carefully screen and scrutinize phone calls, emails, and other communications  
13 to ensure that they are not being targeted in a social engineering or spear phishing  
14 attack; and (4) search for suitable identity theft protection and credit monitoring  
15 services, and pay to procure them. Plaintiff and Class members have taken or will  
16 be forced to take these measures in order to mitigate their potential damages as a  
17 result of the Data Breach.

18 79. Once PII is exposed, there is little that can be done to ensure that the  
19 exposed information has been fully recovered or obtained against future misuse. For  
20 this reason, Plaintiff and Class members will need to maintain these heightened  
21 measures for years, and possibly their entire lives because of Defendant's conduct.

22 80. Further, the value of Plaintiff's and Class members' PII has been  
23 diminished by its exposure in the Data Breach. Plaintiff and Class members did not  
24 receive the full benefit of their bargain when paying for their purchases, and instead  
25 received services that were of a diminished value with Defendant. Plaintiff and Class  
26 members were damaged in an amount at least equal to the difference in the value  
27  
28

1 between the items they thought they paid for (which would have included adequate  
2 data security protection) and the items and services they actually received.

3 81. Plaintiff and Class members would not have obtained items from  
4 Defendant or paid the amount they did to receive such items, had they known that  
5 Defendant would negligently fail to protect their PII. Indeed, Plaintiff and Class  
6 members paid for items with the expectation that Defendant would keep their PII  
7 secure and inaccessible from unauthorized parties. Plaintiff and Class members  
8 would not have obtained items from Defendant had they known that Defendant  
9 failed to properly train its employees, lacked safety controls over its computer  
10 network, and did not have proper data security practices to safeguard their PII from  
11 criminal theft and misuse.  
12

13 82. As a result of Defendant's failures, Plaintiff and Class members are also  
14 at substantial and certainly impending increased risk of suffering identity theft and  
15 fraud or other misuse of their PII.

16 83. Further, because Defendant delayed sending mail notice of the same to  
17 Plaintiff and Class members for nearly two months, Plaintiff and Class members  
18 were unable to take affirmative steps during that time period to attempt to mitigate  
19 any harm or take prophylactic steps to protect against injury.

20 84. From a recent study, 28% of consumers affected by a data breach  
21 become victims of identity fraud—this is a significant increase from a 2012 study  
22 that found only 9.5% of those affected by a breach would be subject to identity fraud.  
23 Without a data breach, the likelihood of identify fraud is only about 3%.<sup>21</sup>  
24

---

25  
26  
27 <sup>21</sup> Stu Sjouwerman, *28 Percent of Data Breaches Lead to Fraud*, KNOWBE4,  
28 <https://blog.knowbe4.com/bid/252486/28-percent-of-data-breaches-lead-to-fraud> (last  
visited Feb. 29, 2024).

1 85. Plaintiff is also at a continued risk because their information remains in  
2 Defendant's computer systems, which have already been shown to be susceptible to  
3 compromise and attack and is subject to further attack so long as Defendant fails to  
4 undertake the necessary and appropriate security and training measures to protect its  
5 consumers' PII.

6 86. In addition, Plaintiffs and Class members have suffered emotional  
7 distress as a result of the Data Breach, the increased risk of identity theft and  
8 financial fraud, and the unauthorized exposure of their private information to  
9 strangers.

### 10 **CLASS ALLEGATIONS**

11 87. Plaintiff brings all counts, as set forth below, individually and as a Class  
12 action, pursuant to the provisions of the Fed. R. Civ. P. 23, on behalf of a Class  
13 defined as:  
14

15 All persons in the United States who had their Private Information  
16 submitted to Defendant and/or whose Private Information was  
17 compromised as a result of the data breach(es) by Defendant, including  
18 all who received a Notice of the Data Breach (the "Class").

19 88. Excluded from the Class are Defendant, its subsidiaries and affiliates,  
20 officers and directors, any entity in which Defendant has a controlling interest, the  
21 legal representative, heirs, successors, or assigns of any such excluded party, the  
22 judicial officer(s) to whom this action is assigned, and the members of their  
23 immediate families.  
24

25 89. This proposed Class definition is based on the information available to  
26 Plaintiff at this time. Plaintiff may modify the Class definition in an amended  
27 pleading or when they move for Class certification, as necessary to account for any  
28

1 newly learned or changed facts as the situation develops and discovery gets  
2 underway.

3 90. **Numerosity – Fed. R. Civ. P. 23(a)(1):** Plaintiff are informed and  
4 believe, and thereon allege, that there are at minimum, thousands of members of the  
5 Class described above. The exact size of the Class and the identities of the individual  
6 members are identifiable through Defendant’s records, including but not limited to  
7 the files implicated in the Data Breach, but based on public information, the Class  
8 includes more than 27,000 individuals.

9 91. **Commonality – Fed. R. Civ. P. 23(a)(2):** This action involves  
10 questions of law and fact common to the Class. Such common questions include, but  
11 are not limited to:  
12

- 13 a. Whether Defendant failed to timely notify Plaintiff of the Data  
14 Breach;
- 15 b. Whether Defendant had a duty to protect the PII of Plaintiff and  
16 Class members;
- 17 c. Whether Defendant was negligent in collecting and storing Plaintiff  
18 and Class members’ PII, and breached its duties thereby;
- 19 d. Whether Defendant breached its fiduciary duty to Plaintiff and the  
20 Class;
- 21 e. Whether Defendant breached its duty of confidence to Plaintiff and  
22 the Class;
- 23 f. Whether Defendant violated its own Privacy Practices;
- 24 g. Whether Defendant entered a contract implied in fact with Plaintiff  
25 and the Class;
- 26 h. Whether Defendant breached that contract by failing to adequately  
27 safeguard Plaintiff and Class members’ PII;
- 28 i. Whether Defendant was unjustly enriched;
- Whether Plaintiff and Class members are entitled to damages as a  
result of Defendant’s wrongful conduct; and
- Whether Plaintiff and Class members are entitled to restitution as a  
result of Defendant’s wrongful conduct.

1  
2           **92. Typicality – Fed. R. Civ. P. 23(a)(3):** Plaintiff’s claims are typical of  
3 the claims of the members of the Class. The claims of the Plaintiff and members of  
4 the Class are based on the same legal theories and arise from the same unlawful and  
5 willful conduct. Plaintiff and members of the Class all had information stored in  
6 Defendant’s system, each having their PII exposed and/or accessed by an  
7 unauthorized third party.

8           **93. Adequacy of Representation – Fed. R. Civ. P. 23(a)(3):** Plaintiff is an  
9 adequate representative of the Class because his interests do not conflict with the  
10 interests of the other Class members Plaintiff seeks to represent; Plaintiff has  
11 retained counsel competent and experienced in complex Class action litigation;  
12 Plaintiff intends to prosecute this action vigorously; and Plaintiff’s counsel have  
13 adequate financial means to vigorously pursue this action and ensure the interests of  
14 the Class will not be harmed. Furthermore, the interests of the Class members will  
15 be fairly and adequately protected and represented by Plaintiff and Plaintiff’s  
16 counsel.

17           **94. Injunctive Relief, Fed. R. Civ. P. 23(b)(2):** Defendant has acted  
18 and/or refused to act on grounds that apply generally to the Class therefore making  
19 injunctive and/or declarative relief appropriate with respect to the Class under  
20 23(b)(2).  
21

22           **95. Superiority, Fed. R. Civ. P. 23(b)(3):** A Class action is superior to  
23 other available methods for the fair and efficient adjudication of the controversy.  
24 Class treatment of common questions of law and fact is superior to multiple  
25 individual actions or piecemeal litigation. Absent a Class action, most Class  
26 members would likely find that the cost of litigating their individual claims is  
27 prohibitively high and would therefore have no effective remedy. The prosecution  
28 of separate actions by individual Class members would create a risk of inconsistent

1 or varying adjudications with respect to individual Class members, which would  
2 establish incompatible standards of conduct for Defendant. In contrast, the conduct  
3 of this action as a Class action presents far fewer management difficulties, conserves  
4 judicial resources and the parties' resources, and protects the rights of each Class  
5 member.

6  
7 96. Defendant has acted on grounds that apply generally to the Class as a  
8 whole, so that Class certification, injunctive relief, and corresponding declaratory  
9 relief are appropriate on a Class-wide basis.

10 97. Likewise, particular issues are appropriate for certification because  
11 such claims present only particular, common issues, the resolution of which would  
12 advance the disposition of this matter and the parties' interests therein. Such  
13 particular issues include, but are not limited to:

- 14 a. Whether Defendant failed to timely and adequately notify the public  
15 of the Data Breach;
- 16 b. Whether Defendant owed a legal duty to Plaintiff and the Class to  
17 exercise due care in collecting, storing, and safeguarding their PII;
- 18 c. Whether Defendant's security measures to protect its data systems  
19 were reasonable in light of best practices recommended by data  
20 security experts;
- 21 d. Whether Defendant's failure to institute adequate protective security  
22 measures amounted to negligence;
- 23 e. Whether Defendant failed to take commercially reasonable steps to  
24 safeguard consumer PII; and
- 25 f. Whether adherence to FTC data security recommendations, and  
26 measures recommended by data security experts would have  
27 reasonably prevented the Data Breach.

28 98. Finally, all members of the proposed Class are readily ascertainable.  
Defendant has access to Class members' names and addresses affected by the Data  
Breach. Defendant has already preliminarily identified Class members for the  
purpose of sending notice of the Data Breach.

**FIRST CAUSE OF ACTION  
NEGLIGENCE**

**(Plaintiff on behalf of the Class)**

20  
21  
22  
23  
24  
25  
26  
27  
28

99. Plaintiff restates and realleges the preceding allegations above as if fully alleged herein.

100. Plaintiff brings this claim individually and on behalf of the Class.

101. Defendant owed a duty to Plaintiff and Class members to exercise reasonable care in safeguarding and protecting their PII in its possession, custody, and control.

102. Defendant's duty to use reasonable care arose from several sources, including but not limited to those described below.

103. Defendant had a common law duty to prevent foreseeable harm to others. This duty existed because Plaintiff and Class members were the foreseeable and probable victims of any inadequate security practices on the part of the Defendant. By collecting and storing valuable PII that is routinely targeted by criminals for unauthorized access, Defendant was obligated to act with reasonable care to protect against these foreseeable threats.

104. Defendant's duty also arose from the fact that it holds itself out as a trusted provider of financial services, and thereby assumes a duty to reasonably protect consumers' information.

105. Defendant breached the duties owed to Plaintiff and Class members and thus was negligent. As a result of a successful attack directed towards Defendant that compromised Plaintiff and Class members' PII, Defendant breached its duties through some combination of the following errors and omissions that allowed the data compromise to occur:

- 1 a. mismanaging its system and failing to identify reasonably
- 2 foreseeable internal and external risks to the security,
- 3 confidentiality, and integrity of customer information that
- 4 resulted in the unauthorized access and compromise of PII;
- 5 b. mishandling its data security by failing to assess the sufficiency
- 6 of its safeguards in place to control these risks;
- 7 c. failing to design and implement information safeguards to
- 8 control these risks;
- 9 d. failing to adequately test and monitor the effectiveness of the
- 10 safeguards' key controls, systems, and procedures;
- 11 e. failing to evaluate and adjust its information security program in
- 12 light of the circumstances alleged herein;
- 13 f. failing to detect the breach at the time it began or within a
- 14 reasonable time thereafter;
- 15 g. failing to follow its own privacy policies and practices published
- 16 to its consumers; and
- 17 h. failing to adequately train and supervise employees and third-
- 18 party vendors with access or credentials to systems and databases
- 19 containing sensitive PII.
- 20

21 106. But for Defendant's wrongful and negligent breach of its duties owed  
22 to Plaintiff and Class members, their PII would not have been compromised.

23 107. As a direct and proximate result of Defendant's negligence, Plaintiff  
24 and Class members have suffered injuries, including, but not limited to:

- 25 a. Theft of their PII;
- 26 b. Costs associated with the detection and prevention of identity theft
- 27 and unauthorized use of their PII;
- 28

- 1 c. Costs associated with purchasing credit monitoring and identity  
2 theft protection services;
- 3 d. Lowered credit scores resulting from credit inquiries following  
4 fraudulent activities;
- 5 e. Costs associated with time spent and the loss of productivity from  
6 taking time to address and attempt to ameliorate, mitigate, and deal  
7 with the actual and future consequences of the Data Breach –  
8 including finding fraudulent charges, cancelling and reissuing cards,  
9 enrolling in credit monitoring and identity theft protection services,  
10 freezing and unfreezing accounts, and imposing withdrawal and  
11 purchase limits on compromised accounts;
- 12 f. The imminent and certainly impending injury flowing from the  
13 increased risk of potential fraud and identity theft posed by their PII  
14 being placed in the hands of criminals;
- 15 g. Damages to and diminution in value of their PII entrusted, directly  
16 or indirectly, to Defendant with the mutual understanding that  
17 Defendant would safeguard Plaintiff’s and Class members’ data  
18 against theft and not allow access and misuse of their data by others;
- 19 h. Continued risk of exposure to hackers and thieves of their PII, which  
20 remains in Defendant’s possession and is subject to further breaches  
21 so long as Defendant fails to undertake appropriate and adequate  
22 measures to protect Plaintiff’s and Class members’ data; and
- 23 i. Emotional distress from the unauthorized disclosure of PII to  
24 strangers who likely have nefarious intentions and now have prime  
25 opportunities to commit identity theft, fraud, and other types of  
26 attacks on Plaintiff and Class members.  
27  
28

1 116. As a direct and proximate result of Defendant's negligence, Plaintiff  
2 has been injured as described herein, and is entitled to damages, including  
3 compensatory, punitive, and nominal damages, in an amount to be proven at trial.

4 **THIRD CAUSE OF ACTION**  
5 **BREACH OF FIDUCIARY DUTY**  
6 **(Plaintiff on behalf of the Class)**

7  
8 117. Plaintiff restates and realleges the preceding allegations above as if  
9 fully alleged herein.

10 118. Plaintiff and Class members have an interest, both equitable and legal,  
11 in the PII about them that was conveyed to, collected by, and maintained by  
12 Defendant and that was ultimately accessed or compromised in the Data Breach.

13 119. As a provider of financial services and a recipient of consumers' PII,  
14 Defendant has a fiduciary relationship to its consumers, including Plaintiff and Class  
15 members.

16 120. Because of that fiduciary relationship, Defendant was provided with  
17 and stored private and valuable PII related to Plaintiff and the Class. Plaintiff and  
18 the Class were entitled to expect their information would remain confidential while  
19 in Defendant's possession.

20 121. Defendant owed a fiduciary duty under common law to Plaintiff and  
21 Class members to exercise the utmost care in obtaining, retaining, securing,  
22 safeguarding, deleting, and protecting their PII in Defendant's possession from being  
23 compromised, lost, stolen, accessed, and misused by unauthorized persons.

24 122. As a result of the parties' fiduciary relationship, Defendant had an  
25 obligation to maintain the confidentiality of the information within Plaintiff's and  
26 Class members' PII.

1           123. Defendant’s consumers, including Plaintiff and Class members, have a  
2 privacy interest in personal financial matters, and Defendant had a fiduciary duty not  
3 to such personal data of its consumers.

4           124. As a result of the parties’ relationship, Defendant had possession and  
5 knowledge of confidential PII of Plaintiff and Class members, information not  
6 generally known.

7           125. Plaintiff and Class members did not consent to nor authorize Defendant  
8 to release or disclose their PII to unknown criminal actors.

9           126. Defendant breached its fiduciary duties owed to Plaintiff and Class  
10 members by, among other things:

- 11
- 12           a. mismanaging its system and failing to identify reasonably  
13 foreseeable internal and external risks to the security, confidentiality,  
14 and integrity of customer information that resulted in the  
15 unauthorized access and compromise of PII;
  - 16           b. mishandling its data security by failing to assess the sufficiency of  
17 its safeguards in place to control these risks;
  - 18           c. failing to design and implement information safeguards to control  
19 these risks;
  - 20           d. failing to adequately test and monitor the effectiveness of the  
21 safeguards’ key controls, systems, and procedures;
  - 22           e. failing to evaluate and adjust its information security program in  
23 light of the circumstances alleged herein;
  - 24           f. failing to detect the breach at the time it began or within a reasonable  
25 time thereafter;
  - 26           g. failing to follow its own privacy policies and practices published to  
27 its consumers; and
- 28

- 1 h. failing to adequately train and supervise employees and third-party  
2 vendors with access or credentials to systems and databases  
3 containing sensitive PII.  
4

5 127. But for Defendant's wrongful breach of its fiduciary duties owed to  
6 Plaintiff and Class members, their PII would not have been compromised.

7 128. As a direct and proximate result of Defendant's negligence, Plaintiff  
8 and Class members have suffered injuries, including:

- 9 a. Theft of their PII;  
10 b. Costs associated with the detection and prevention of identity theft  
11 and unauthorized use of their PII;  
12 c. Costs associated with purchasing credit monitoring and identity  
13 theft protection services;  
14 d. Lowered credit scores resulting from credit inquiries following  
15 fraudulent activities;  
16 e. Costs associated with time spent and the loss of productivity from  
17 taking time to address and attempt to ameliorate, mitigate, and deal  
18 with the actual and future consequences of the Data Breach –  
19 including finding fraudulent charges, cancelling and reissuing cards,  
20 enrolling in credit monitoring and identity theft protection services,  
21 freezing and unfreezing accounts, and imposing withdrawal and  
22 purchase limits on compromised accounts;  
23 f. The imminent and certainly impending injury flowing from the  
24 increased risk of potential fraud and identity theft posed by their PII  
25 being placed in the hands of criminals;  
26 g. Damages to and diminution in value of their PII entrusted, directly  
27 or indirectly, to Defendant with the mutual understanding that  
28

1 Defendant would safeguard Plaintiff's data against theft and not  
2 allow access and misuse of their data by others;

3 h. Continued risk of exposure to hackers and thieves of their PII, which  
4 remains in Defendant's possession and is subject to further breaches  
5 so long as Defendant fails to undertake appropriate and adequate  
6 measures to protect Plaintiff's data; and

7 i. Emotional distress from the unauthorized disclosure of PII to  
8 strangers who likely have nefarious intentions and now have prime  
9 opportunities to commit identity theft, fraud, and other types of  
10 attacks on Plaintiff.  
11

12 129. As a direct and proximate result of Defendant's breach of its fiduciary  
13 duties, Plaintiff and Class members are entitled to damages, including compensatory,  
14 punitive, and/or nominal damages, in an amount to be proven at trial.

15 **FOURTH CAUSE OF ACTION**

16 **BREACH OF CONFIDENCE**

17 **(Plaintiff on behalf of the Class)**

18 130. Plaintiff restates and realleges the preceding allegations above as if  
19 fully alleged herein.

20 131. Plaintiff and Class members have an interest, both equitable and legal,  
21 in the PII about them that was conveyed to, collected by, and maintained by  
22 Defendant and that was ultimately accessed or compromised in the Data Breach.

23 132. As a provider of financial services and a recipient of consumers' PII,  
24 Defendant has a fiduciary relationship to its consumers, including Plaintiff and Class  
25 members.  
26  
27  
28

1 133. Plaintiff provided Defendant with their personal and confidential PII  
2 under both the express and/or implied agreement of Defendant to limit the use and  
3 disclosure of such PII.

4 134. Defendant owed a duty to Plaintiff to exercise the utmost care in  
5 obtaining, retaining, securing, safeguarding, deleting, and protecting the PII in its  
6 possession from being compromised, lost, stolen, accessed by, misused by, or  
7 disclosed to unauthorized persons.

8 135. As a result of the parties' relationship, Defendant had possession and  
9 knowledge of confidential PII of Plaintiff.

10 136. Plaintiff's PII is not generally known to the public and is confidential  
11 by nature.

12 137. Plaintiff did not consent to nor authorize Defendant to release or  
13 disclose their PII to an unknown criminal actor.

14 138. Defendant breached the duties of confidence it owed to Plaintiff when  
15 Plaintiff's PII was disclosed to unknown criminal hackers.

16 139. Defendant breached its duties of confidence by failing to safeguard  
17 Plaintiff's and Class members' PII, including by, among other things: (a)  
18 mismanaging its system and failing to identify reasonably foreseeable internal and  
19 external risks to the security, confidentiality, and integrity of customer information  
20 that resulted in the unauthorized access and compromise of PII; (b) mishandling its  
21 data security by failing to assess the sufficiency of its safeguards in place to control  
22 these risks; (c) failing to design and implement information safeguards to control  
23 these risks; (d) failing to adequately test and monitor the effectiveness of the  
24 safeguards' key controls, systems, and procedures; (e) failing to evaluate and adjust  
25 its information security program in light of the circumstances alleged herein; (f)  
26 failing to detect the breach at the time it began or within a reasonable time thereafter;  
27  
28

1 (g) failing to follow its on privacy policies and practices published to its consumers;  
2 (h) storing PII in an unencrypted and vulnerable manner, allowing its disclosure to  
3 hackers; and (i) making an unauthorized and unjustified disclosure and release of  
4 Plaintiff's PII to a criminal third party.

5  
6 140. But for Defendant's wrongful breach of its duty of confidences owed  
7 to Plaintiff, his privacy, confidences, and PII would not have been compromised.

8 141. As a direct and proximate result of Defendant's breach of Plaintiff's  
9 confidences, Plaintiff and Class members have suffered injuries, including:

- 10 a. Theft of their PII;
- 11 b. Costs associated with the detection and prevention of identity theft  
12 and unauthorized use of their PII;
- 13 c. Costs associated with purchasing credit monitoring and identity  
14 theft protection services;
- 15 d. Lowered credit scores resulting from credit inquiries following  
16 fraudulent activities;
- 17 e. Costs associated with time spent and the loss of productivity from  
18 taking time to address and attempt to ameliorate, mitigate, and deal  
19 with the actual and future consequences of the 5.11 Data Breach —  
20 including finding fraudulent charges, cancelling and reissuing cards,  
21 enrolling in credit monitoring and identity theft protection services,  
22 freezing and unfreezing accounts, and imposing withdrawal and  
23 purchase limits on compromised accounts;
- 24 f. The imminent and certainly impending injury flowing from the  
25 increased risk of potential fraud and identity theft posed by their PII  
26 being placed in the hands of criminals;
- 27
- 28

- 1 g. Damages to and diminution in value of their PII entrusted, directly  
2 or indirectly, to Defendant with the mutual understanding that  
3 Defendant would safeguard Plaintiff's and Class members data  
4 against theft and not allow access and misuse of their data by others;  
5  
6 h. Continued risk of exposure to hackers and thieves of their PII, which  
7 remains in Defendant's possession and is subject to further breaches  
8 so long as Defendant fails to undertake appropriate and adequate  
9 measures to protect Plaintiff's and Class members data; and  
10  
11 i. Loss of personal time spent carefully reviewing statements from  
12 health insurers and providers to check for charges for services not  
13 received, as directed to do by Defendant.

14 142. Additionally, Defendant received payments from Plaintiff for items  
15 with the understanding that Defendant would uphold its responsibilities to maintain  
16 the confidences of Plaintiff's and Class members' PII.

17 143. Defendant breached the confidence of Plaintiff when it made an  
18 unauthorized release and disclosure of their PII and, accordingly, it would be  
19 inequitable for Defendant to retain the benefit at Plaintiff's and Class members  
20 expense.

21 144. As a direct and proximate result of Defendant's breach of its duty of  
22 confidences, Plaintiff and the Class members are entitled to damages, including  
23 compensatory, punitive, and/or nominal damages, and/or disgorgement or restitution,  
24 in an amount to be proven at trial.

**FIFTH CAUSE OF ACTION**  
**INTRUSION UPON SECLUSION/INVASION OF PRIVACY**  
**(Plaintiff on behalf of the Class)**

145. Plaintiff restates and realleges the preceding allegations above as if fully alleged herein.

146. Plaintiff had a reasonable expectation of privacy in the PII Defendant mishandled.

147. Defendant's conduct as alleged above intruded upon Plaintiff and Class members' seclusion under common law.

148. By intentionally failing to keep Plaintiffs' PII safe, and by intentionally misusing and/or disclosing said information to unauthorized parties for unauthorized use, Defendant intentionally invaded Plaintiff and Class members' privacy by:

- a. Intentionally and substantially intruding into Plaintiff and Class members' private affairs in a manner that identifies Plaintiff and Class members and that would be highly offensive and objectionable to an ordinary person;
- b. Intentionally publicizing private facts about Plaintiff and Class members, which is highly offensive and objectionable to an ordinary person; and
- c. Intentionally causing anguish or suffering to Plaintiff and Class members.

149. Defendant knew that an ordinary person in Plaintiff or Class members' position would consider Defendant's intentional actions highly offensive and objectionable.

150. Defendant invaded Plaintiff and Class members' right to privacy and intruded into Plaintiff's and Class members' private affairs by intentionally misusing

1 and/or disclosing their PII without their informed, voluntary, affirmative, and clear  
2 consent.

3 151. Defendant intentionally concealed from and delayed reporting to  
4 Plaintiff and Class members a security incident that misused and/or disclosed their  
5 PII without their informed, voluntary, affirmative, and clear consent.

6 152. The conduct described above was directed at Plaintiff and Class  
7 members.

8 153. As a proximate result of such intentional misuse and disclosures,  
9 Plaintiff's and Class members' reasonable expectations of privacy in their PII was  
10 unduly frustrated and thwarted. Defendant's conduct amounted to a substantial and  
11 serious invasion of Plaintiff's and Class members' protected privacy interests  
12 causing anguish and suffering such that an ordinary person would consider  
13 Defendant's intentional actions or inaction highly offensive and objectionable.

14 154. In failing to protect Plaintiff's and Class members' PII, and in  
15 intentionally misusing and/or disclosing their PII, Defendant acted with intentional  
16 malice and oppression and in conscious disregard of Plaintiff and Class members'  
17 rights to have such information kept confidential and private. Plaintiff, therefore,  
18 seeks an award of damages on behalf himself and the Class.

19 155. As a direct and proximate result of Defendant's conduct, Plaintiff and  
20 Class members are entitled to damages, including compensatory, punitive, and/or  
21 nominal damages, in an amount to be proven at trial.

22  
23 **SIXTH CAUSE OF ACTION**  
24 **BREACH OF IMPLIED CONTRACT**  
25 **(Plaintiff on behalf of the Class)**

26 156. Plaintiff restates and realleges the preceding allegations above as if  
27 fully alleged herein.

1 157. Plaintiff brings this claim individually and on behalf of the Class.

2 158. When Plaintiff and Class members provided their PII to Defendant in  
3 exchange for goods and services, they entered into implied contracts with Defendant,  
4 under which Defendant agreed to take reasonable steps to protect Plaintiff's and  
5 Class members' PII, comply with statutory and common law duties to protect their  
6 PII, and to timely notify them in the event of a data breach.

7  
8 159. Defendant solicited and invited Plaintiff and Class members to provide  
9 their PII as part of Defendant's provision of goods and services. Plaintiff and Class  
10 members accepted Defendant's offers and provided their PII to Defendant.

11 160. When entering into implied contracts, Plaintiff and Class members  
12 reasonably believed and expected that Defendant's data security practices complied  
13 with its statutory and common law duties to adequately protect Plaintiff's and Class  
14 members PII and to timely notify them in the event of a data breach.

15 161. Defendant's implied promise to safeguard consumers' PII is evidenced  
16 by, *e.g.*, the representations in Defendant's Notice of Privacy Practices set forth  
17 above.

18 162. Plaintiff and Class members paid money to Defendant in order to  
19 receive services. Plaintiff and Class members reasonably believed and expected that  
20 Defendant would use part of those funds to obtain adequate data security. Defendant  
21 failed to do so.

22 163. Plaintiff and Class members would not have provided their PII to  
23 Defendant had they known that Defendant would not safeguard their PII, as  
24 promised, or provide timely notice of a data breach.

25 164. Plaintiff and Class members fully performed their obligations under  
26 their implied contracts with Defendant.  
27  
28

1           165. Defendant breached its implied contracts with Plaintiff and Class  
2 members by failing to safeguard Plaintiff's and Class members' PII and by failing  
3 to provide them with timely and accurate notice of the Data Breach.

4           166. The losses and damages Plaintiff and Class members sustained include,  
5 but are not limited to:

- 6           a. Theft of their PII;
- 7           b. Costs associated with purchasing credit monitoring and identity  
8 theft protection services;
- 9           c. Costs associated with the detection and prevention of identity  
10 theft and unauthorized use of their PII;
- 11           d. Lowered credit scores resulting from credit inquiries following  
12 fraudulent activities;
- 13           e. Costs associated with time spent and the loss of productivity  
14 from taking time to address and attempt to ameliorate, mitigate,  
15 and deal with the actual and future consequences of the Data  
16 Breach – including finding fraudulent charges, cancelling and  
17 reissuing cards, enrolling in credit monitoring and identity theft  
18 protection services, freezing and unfreezing accounts, and  
19 imposing withdrawal and purchase limits on compromised  
20 accounts;
- 21           f. The imminent and certainly impending injury flowing from the  
22 increased risk of potential fraud and identity theft posed by their  
23 PII being placed in the hands of criminals;
- 24           g. Damages to and diminution in value of their PII entrusted,  
25 directly or indirectly, to Defendant with the mutual  
26 understanding that Defendant would safeguard Plaintiff's and  
27  
28

1 Class members' data against theft and not allow access and  
2 misuse of their data by others;

3 h. Continued risk of exposure to hackers and thieves of their PII,  
4 which remains in Defendant's possession and is subject to further  
5 breaches so long as Defendant fails to undertake appropriate and  
6 adequate measures to protect Plaintiff's and Class members'  
7 data; and

8 i. Emotional distress from the unauthorized disclosure of PII to  
9 strangers who likely have nefarious intentions and now have  
10 prime opportunities to commit identity theft, fraud, and other  
11 types of attacks on Plaintiff and Class members.  
12

13 167. As a direct and proximate result of Defendant's breach of contract,  
14 Plaintiff and Class members are entitled to damages, including compensatory,  
15 punitive, and/or nominal damages, in an amount to be proven at trial.

16 **SEVENTH CAUSE OF ACTION**

17 **UNJUST ENRICHMENT**

18 **(Plaintiff on behalf of the Class)**

19 168. Plaintiff restates and realleges the preceding allegations above as if  
20 fully alleged herein.

21 169. Plaintiff brings this claim individually and on behalf of the Class in the  
22 alternative to Plaintiff's' implied contract claim.

23 170. Upon information and belief, Defendant funds its data security  
24 measures entirely from its general revenue, including payments made by or on behalf  
25 of Plaintiff and Class members.

26 171. As such, a portion of the payments made by or on behalf of Plaintiffs  
27 and Class members is to be used to provide a reasonable level of data security, and  
28

1 the amount of the portion of each payment made that is allocated to data security is  
2 known to Defendant.

3 172. Plaintiff and Class members conferred a monetary benefit on Defendant.  
4 Specifically, they purchased goods and services from Defendant and in so doing  
5 provided Defendant with their PII. In exchange, Plaintiff and Class members should  
6 have received from Defendant the goods and services that were the subject of the  
7 transaction and have their PII protected with adequate data security.  
8

9 173. Defendant knew that Plaintiff and Class members conferred a benefit  
10 which Defendant accepted. Defendant profited from these transactions and used the  
11 PII of Plaintiff and Class members for business purposes.

12 174. Defendant enriched itself by saving the costs it reasonably should have  
13 expended on data security measures to secure Plaintiff's and Class members' PII.  
14 Instead of providing a reasonable level of security that would have prevented the  
15 Data Breach, Defendant instead calculated to increase its own profits at the expense  
16 of Plaintiff and Class members by utilizing cheaper, ineffective security measures.  
17 Plaintiff and Class members, on the other hand, suffered as a direct and proximate  
18 result of Defendant's decision to prioritize its own profits over the requisite security.  
19

20 175. Under the principles of equity and good conscience, Defendant should  
21 not be permitted to retain the money belonging to Plaintiff and Class members,  
22 because Defendant failed to implement appropriate data management and security  
23 measures that are mandated by its common law and statutory duties.

24 176. Defendant failed to secure Plaintiff's and Class members' PII and,  
25 therefore, did not provide full compensation for the benefit Plaintiff and Class  
26 members provided.

27 177. Defendant acquired the PII through inequitable means in that it failed  
28 to disclose the inadequate security practices previously alleged.

1 178. If Plaintiff and Class members knew that Defendant had not reasonably  
2 secured their PII, they would not have agreed to provide their PII to Defendant.

3 179. Plaintiff and Class members have no adequate remedy at law.

4 180. As a direct and proximate result of Defendant's conduct, Plaintiffs and  
5 Class members have suffered injuries, including, but not limited to:

- 6 a. Theft of their PII;
- 7 b. Costs associated with purchasing credit monitoring and identity  
8 theft protection services;
- 9 c. Costs associated with the detection and prevention of identity  
10 theft and unauthorized use of their PII;
- 11 d. Lowered credit scores resulting from credit inquiries following  
12 fraudulent activities;
- 13 e. Costs associated with time spent and the loss of productivity  
14 from taking time to address and attempt to ameliorate, mitigate,  
15 and deal with the actual and future consequences of the Data  
16 Breach – including finding fraudulent charges, cancelling and  
17 reissuing cards, enrolling in credit monitoring and identity theft  
18 protection services, freezing and unfreezing accounts, and  
19 imposing withdrawal and purchase limits on compromised  
20 accounts;
- 21 f. The imminent and certainly impending injury flowing from the  
22 increased risk of potential fraud and identity theft posed by their  
23 PII being placed in the hands of criminals;
- 24 g. Damages to and diminution in value of their PII entrusted,  
25 directly or indirectly, to Defendant with the mutual  
26 understanding that Defendant would safeguard Plaintiff's and  
27  
28

1 Class members' data against theft and not allow access and  
2 misuse of their data by others;

- 3 h. Continued risk of exposure to hackers and thieves of their PII,  
4 which remains in Defendant's possession and is subject to further  
5 breaches so long as Defendant fails to undertake appropriate and  
6 adequate measures to protect Plaintiff's and Class members'  
7 data; and  
8  
9 i. Emotional distress from the unauthorized disclosure of PII to  
10 strangers who likely have nefarious intentions and now have  
11 prime opportunities to commit identity theft, fraud, and other  
12 types of attacks on Plaintiff and Class members.

13 181. As a direct and proximate result of Defendant's conduct, Plaintiff and  
14 Class members have suffered and will continue to suffer other forms of injury and/or  
15 harm.

16 182. Defendant should be compelled to disgorge into a common fund or  
17 constructive trust, for the benefit of Plaintiff and Class members, proceeds that it  
18 unjustly received from them. In the alternative, Defendant should be compelled to  
19 refund the amounts that Plaintiffs and Class members overpaid for Defendant's  
20 goods and services.

21 **EIGHTH CAUSE OF ACTION**  
22 **DECLARATORY JUDGMENT**  
23 **(Plaintiff on behalf of the Class)**

24 183. Plaintiff restates and realleges the preceding allegations the paragraphs  
25 above as if fully alleged herein.

26 184. Plaintiff brings this claim individually and on behalf of the Class.  
27  
28

1 185. Under the Declaratory Judgment Act, 28 U.S.C. §§ 2201, *et seq.*, this  
2 Court is authorized to enter a judgment declaring the rights and legal relations of the  
3 parties and granting further necessary relief. Furthermore, the Court has broad  
4 authority to restrain acts, such as here, that are tortious and violate the terms of the  
5 federal statutes described in this Complaint.  
6

7 186. An actual controversy has arisen in the wake of the Data Breach  
8 regarding Defendant's present and prospective common law and other duties to  
9 reasonably safeguard Plaintiff's and Class members' PII, and whether Defendant is  
10 currently maintaining data security measures adequate to protect Plaintiff and Class  
11 members from future data breaches that compromise their PII. Plaintiff and the Class  
12 remain at imminent risk of further compromises of their PII will occur in the future.

13 187. The Court should also issue prospective injunctive relief requiring  
14 Defendant to employ adequate security practices consistent with law and industry  
15 standards to protect consumers' PII.

16 188. Defendant still possesses the PII of Plaintiff and the Class.

17 189. To Plaintiffs' knowledge, Defendant has made no announcement or  
18 notification that it has remedied the vulnerabilities and negligent data security  
19 practices that led to the Data Breach.

20 190. If an injunction is not issued, Plaintiff and the Class will suffer  
21 irreparable injury and lack an adequate legal remedy in the event of another data  
22 breach at Defendant. The risk of another such breach is real, immediate, and  
23 substantial.

24 191. The hardship to Plaintiff and Class members if an injunction does not  
25 issue exceeds the hardship to Defendant if an injunction is issued. Among other  
26 things, if another data breach occurs at Defendant, Plaintiff and Class members will  
27 likely continue to be subjected to a heightened, substantial, imminent risk of fraud,  
28

1 identify theft, and other harms described herein. On the other hand, the cost to  
2 Defendant of complying with an injunction by employing reasonable prospective  
3 data security measures is relatively minimal, and Defendant has a pre-existing legal  
4 obligation to employ such measures.

5 192. Issuance of the requested injunction will not disserve the public interest.  
6 To the contrary, such an injunction would benefit the public by preventing another  
7 data breach at Defendant, thus eliminating the additional injuries that would result  
8 to Plaintiff and Class members, along with other consumers whose PII would be  
9 further compromised.

10 193. Pursuant to its authority under the Declaratory Judgment Act, this Court  
11 should enter a judgment declaring that Defendant implement and maintain  
12 reasonable security measures, including but not limited to the following:

- 13
- 14 a. Engaging third-party security auditors/penetration testers, as well as  
15 internal security personnel, to conduct testing that includes  
16 simulated attacks, penetration tests, and audits on Defendant's  
17 systems on a periodic basis, and ordering Defendant to promptly  
18 correct any problems or issues detected by such third-party security  
19 auditors;
  - 20 b. Engaging third-party security auditors and internal personnel to run  
21 automated security monitoring;
  - 22 c. Auditing, testing, and training its security personnel regarding any  
23 new or modified procedures;
  - 24 d. Purging, deleting, and destroying PII not necessary for its provisions  
25 of services in a reasonably secure manner;
  - 26 e. Conducting regular database scans and security checks; and  
27

- 1 f. Routinely and continually conducting internal training and  
2 education to inform internal security personnel how to identify and  
3 contain a breach when it occurs and what to do in response to a  
4 breach.

5 **PRAYER FOR RELIEF**

6 WHEREFORE, Plaintiff, on behalf of himself and all others similarly  
7 situated, pray for relief as follows:

- 8 a. For an Order certifying this action as a Class action and appointing  
9 Plaintiff as a Class Representatives and their counsel as Class  
10 Counsel;
- 11 b. For equitable relief enjoining Defendant from engaging in the  
12 wrongful conduct complained of herein pertaining to the misuse  
13 and/or disclosure of Plaintiff and Class members' PII, and from  
14 refusing to issue prompt, complete and accurate disclosures to  
15 Plaintiff and Class members;
- 16 c. For equitable relief compelling Defendant to utilize appropriate  
17 methods and policies with respect to consumer data collection,  
18 storage, and safety, and to disclose with specificity the type of  
19 Personal Information compromised during the Data Breach;
- 20 d. For equitable relief requiring restitution and disgorgement of the  
21 revenues wrongfully retained as a result of Defendant's wrongful  
22 conduct;
- 23 e. Ordering Defendant to pay for not less than three years of credit  
24 monitoring services for Plaintiff and the Class;
- 25  
26  
27  
28

- 1 f. For an award of actual damages, compensatory damages, statutory  
2 damages, and statutory penalties, in an amount to be determined, as  
3 allowable by law;  
4  
5 g. For an award of punitive damages, as allowable by law;  
6  
7 h. For an award of attorneys' fees and costs, and any other expense,  
8 including expert witness fees;  
9  
10 i. Pre- and post-judgment interest on any amounts awarded; and,  
11  
12 j. Such other and further relief as this court may deem just and proper.

13  
14 **JURY TRIAL DEMANDED**

15 A jury trial is demanded by Plaintiff on all claims so triable.

16 Dated this 25<sup>th</sup> day of October, 2024.
