At 18, I had all the doubts.

No sales experience.

A full-time student and athlete.

A small circle of friends.

I knew people would judge me for this.

I felt insecure, wondering, "Am I worthy enough?"

Could I ever be as good as her?

I was too shy, and I wasn't a social media expert.

But despite all these doubts, I made the tough and scary decision to take a leap and start my business. Now, I get to say:

I work on my own terms.

I get paid 5-6 times a month.

I earn monthly bonuses.

and start my business. Now, I get to say:

I work on my own terms.

I get paid 5-6 times a month.

I earn monthly bonuses.

I've taken two all-expense-paid trips to Mexico.

I've found an incredible community.

I'm the healthiest and most confident version of myself.

I am my own boss.

Four years later, I've grown in more ways than I imagined, and I'm in control of my present and future. That leap I took at 18 changed my life, and through dedication and courage, I've built something amazing at 22. I am truly blessed.

If you're ready for a change and want to take that leap too, let's chat 💕💕.
