Network marketing offers several benefits, making it an attractive business model for many.

Here are just a few reasons and key advantages why I became an Independent Consultant for Arbonne:

@patricia_pasqua

1. Low Startup Costs - Entering a network marketing business often requires a minimal initial investment compared to starting a traditional business.

At Arbonne, it costs a mere \$65 to start up your online store!

3. Residual Income - Once you build a strong network, you can earn passive income from the efforts of your downline.
