- A New Orleans-style coffee blended with roasted chicory
- Delivers a desirable balance of sweetness, spice, and body
- Compatible with Keurig 2.0 K-Cup brewers
- Crafted from Arabica coffee beans and chicory

Savor a longstanding New Orleans tradition with Coffee & Chicory from Community Coffee. Popularized in France, this blend combines high-quality roasted chicory with rich, roasted coffee to create the perfect balance of body, sweetness, and spice when brewed. For a true New Orleans-style experience, enjoy a traditional café au lait by adding steamed milk and sugar.

Community Coffee sources high-quality, 100% Arabica coffee beans, roasts and grinds them to perfection, then packages the delicious results in single-serve coffee pods for quick and easy brewing. For the best-tasting cup, Community Coffee recommends using your brewer's 8-oz brew option.

Since its founding in 1919, Community Coffee has remained family-owned with an unparalleled passion for high-quality coffee. Community Coffee adheres to the strict standards of the Specialty Coffee Association (SCA) while consistently delivering a great-tasting cup in celebration of those who make our communities thrive. From responsibly sourced coffee beans to programs that support military service members, local schools, and more, Community Coffee gives back in every way it can.

Wonderful coffee!!!
I'm a New Orleans native who now lives in a different state. Being able to taste a bit of home is very nice!

COFFEE Profile

COFFEE & CHICORY

Enjoy a long-standing New Orleans tradition. Popularized in France, our high-quality roasted chicory is sweet and flavorful. We then blend it with rich, roasted coffee to create the right balance of sweetness, spice, and body when brewed. Experience it in the traditional "cafe au lait" style by adding steamed milk and sugar.

HOW TO RECYCLE K-CUP® PODS IN THREE STEPS

⚠ CAUTION: POD IS HOT.
ALLOW TO COOL AFTER USE.

PEEL
Starting at puncture, peel lid and dispose.

EMPTY
Compost or dispose of grounds. (Filter can remain.)

RECYCLE
Check locally* to recycle empty cup.

WHY #5?

100% of our K-Cup® pods are made from recyclable* polypropylene plastic, otherwise known as #5 plastic. #5 plastic is now widely accepted in curbside recycling systems across North America, although many systems that accept polypropylene do not necessarily accept K-Cup® pods.

Inside the **Recyclable* K-Cup* Pod**

Freshly ground coffee **from leading coffee brands** fills our recyclable K-Cup® pods

Hot water saturates the freshly ground beans and **flows through the paper filter**

Gentle pressure extracts every ounce of **rich, full-flavored coffee**
