When Alfred Peet opened his first shop in Berkeley, CA in 1966, he quietly ignited a revolution that forever changed the expectations of American coffee drinkers. ROAST PROFILE

WHY #5?

100% of our K-Cup® pods are made from recyclable* polypropylene plastic, otherwise known as #5 plastic. #5 plastic is now widely accepted in curbside recycling systems across North America, although many systems that accept polypropylene do not necessarily accept K-Cup® pods.

*Check locally, not recycled in many communities.
